

VOLUME 47.

VICTORIA, B. C., TUESDAY, JUNE 1, 1909.

NO. 123.

## COUNCIL TIED; ACTION DELAYED VOTED FIVE TO FIVE AS TO COAL BUNKERS

### Report of Inner Harbor Association Still Awaits Consideration.

The report of the inner harbor association on the request of the C. P. R. for a portion of the Songhees reserve for coal bunkers and yards and shops was read at the city council meeting last night. Half the council was for its consideration right away and the other half thought it was of sufficient importance to warrant a special meeting. By reason of being evenly divided motions to both effects were negatived, and the matter will have to be brought up later by resolution.

The report from the association was as follows:

W. J. Dowler, Esq., C. M. C., City Hall, Victoria, B. C.

Sir:—(1) I have the honor to acknowledge the receipt of your letter of the 24th inst., transmitting for the information of this association a copy of a letter received from the Victoria, British Columbia, Board of Trade, with reference to the proposal of the E. & N. Railway Company to establish coal bunkers over the waters of the harbor fronting the Songhees Indian reserve.

(2) Allow me in the first place to define the position of this association as regards the inner harbor of Victoria.

(3) This association, formed originally amongst the owners and occupiers of property abutting on the inner harbor, met together and, after very careful consideration, formulated a definite plan, representing the urgent needs of the port, modified and limited to such works as the federal government might reasonably be expected to undertake in the immediate future. This plan was submitted by them to a joint meeting of those more particularly interested in the port and representatives sent to the meeting by the municipal council and by the board of trade, and, after being approved at that meeting this plan was laid before the royal commission on transportation on the 28th day of September, 1905. These representations being favorably reported by the royal commission to the honorable the minister of public works, were, at the request of Hon. Mr. Templeman, referred to Mr. Keefe, resident Dominion engineer, to report as to the desirability, practicability and cost of the project.

(4) On the 28th of September, 1906, the owners and occupiers of property abutting on the inner harbor again met the Hon. Mr. Templeman and Mr. Keefe, and the Hon. Minister of Public Works. At that meeting the Hon. Mr. Templeman stated that orders had been given that all future work in the harbor should be carried out on the lines of the plan submitted to the royal commission. Of this plan you have a copy on file dated the 13th of September, 1905.

(5) This association was then organized on the 29th of November, 1906, to secure the effective execution of this project in accordance with the plan decided upon. On the 5th of January, 1909, the Hon. Mr. Templeman assured us (by letter) that arrangements would be made for the prosecution of the work in the improvement of the harbor as vigorously as possible. This, therefore, is the position of the association in the matter, and the work is steadily proceeding on these lines.

(6) This association held a special meeting on Wednesday, the 26th, to consider your communication, and I am directed to state that this association is decidedly of the opinion that the demands of commerce, present and prospective, require that the whole of the water area, as defined on the approved plan referred to, should be kept free from all obstructions. This plan provides for a deep water line drawn from Songhees Point to Pelly Island, and the association considers that the erection of the bunkers should be kept on, or shorewards of, a line drawn from ordinary high water mark on Songhees Point to ordinary high water mark on the south end of Pelly Island, as indicated—pencil on plan returned. With this reservation the association strongly approves the proposition to the erection of bunkers for the coaling of steamers frequenting this port.

(7) Whilst the council is considering the question of concessions to the railway company, I am further directed by this association to draw your attention to the contravention by the company of section 17 of the Railway Act. This section provides that "no company shall cause any obstruction in or impede the free navigation of any river, water, stream or canal across which its railway is carried."

(8) This bridge as at present handled by the railway company, constitutes a most serious obstruction and impediment to the free navigation of the harbor, occupying a time in its opening and closing of from 22 to 30 minutes. This association claims that shipping has the first right of way and submits to the consideration of the municipal council that steps should be taken to compel the company to place this bridge in a state to conform with the Railway Act, and to so operate the bridge by mechanical power, that it could be opened at any time on the near approach of a passing vessel and closed within say five minutes, as in Portland and other cities.

(9) As a matter of fact, the railway company refuse to open the bridge within half an hour of the approach of a train (owing to the time occupied in

(Concluded on page 16.)

## COUNT ZEPPELIN RESUMES FLIGHT AIRSHIP HAS BEEN TEMPORARILY REPAIRED

### Aviator Hopes to Make Trip to Berlin in About Six Weeks.

(Times Leased Wire.)  
Berlin, June 1.—Temporary repairs of Count Zeppelin's airship were quickly made to-day, and the aviator rescheduled at 12.28 p.m. to resume his flight to Friedrichshafen.

Count Zeppelin is not in the least discouraged by yesterday's mishap. He points out that it is "no argument against aerial navigation as even a water craft might be wrecked while attempting a difficult landing in a strong wind. The airship was forced into collision with a tree while the aviator was attempting to land for fuel for his engines.

Aeronautic experts agree with Count Zeppelin that the accident does not detract from the triumph of his wonderful flight. The Kaiser shares this opinion and is anxious to have the count make a successful flight to Berlin. He expresses this desire in the following message he sent to the Count to-day:

"I, the Emperor and the whole Imperial family hoped to greet you as our guest, while the entire population of Berlin waited for you Sunday. I hope yet to see you in Berlin. You owe it to the disappointed thousands who awaited you on Sunday to come again."

Zeppelin replied, explaining that he had not intended to come as far as Berlin on this trip. He expressed regret at the royal family's disappointment, and also at that of the population. He declared that he hoped that the investigation would disclose the identity of the sender of a fictitious message to the effect that he was en route to the capital, and that he would be punished. He said he hoped to visit His Majesty in about six weeks.

Orville Wright's Views.  
Dayton, Ohio, June 1.—That the Zeppelin airship is destined to prove invaluable in army manoeuvres and to fill a want in a practically undeveloped field, is the opinion expressed to-day by Orville Wright. No balloon, according to the American aviator, has yet been made that satisfactorily answers the purpose for army use. He stated, however, that he did not consider the Zeppelin class of airships comparable to the aeroplane.

## EXPLORING MASSACRE ISLAND.

(Special to the Times.)  
Kenora, Ont., June 1.—Archbishop Langevin and a party of twenty have left for Massacre Island and the site of Fort Charles, where they will continue exploring. Although tradition positively indicates Massacre Island as the place where young Verandrye, Father Aulneau and nineteen companions were killed by Sioux Indians, the scene of the slaying has never been located definitely since 1842.

## DEADMAN'S ISLAND DISPUTE.

E. L. Kinman is Arrested on Charge of Damaging Park Property.

Vancouver, B. C., June 1.—A force of police early this morning raided Deadman's Island, adjoining Stanley Park, the ownership of which is disputed between the city and Theodore Lugdgate, who claims to have a federal lease. They were heavily armed and turned Lugdgate's representative off the island, arresting E. L. Kinman, for damage to park property.

## THIEF FINDS FORTUNE

### IN BED MATTRESS

### Carries Off Package Which Contained Nearly \$30,000 in Bills.

(Times Leased Wire.)  
Seattle, Wash., June 1.—The Seattle police were requested to-day to try to apprehend the thief who during yesterday afternoon entered the home of John England, near Alki Point, and carried away a package said to have contained \$20,000 in bills. In the bundle there were nineteen \$1,000 bills, one \$500 bill and five \$100 bills. The room in which the money was hidden was ransacked and articles of clothing thrown about in confusion.

The missing money belonged to Mrs. A. J. Shea, of Duluth, Minn., who is visiting Mrs. England. Mrs. Shea came to Seattle last Thursday with the intention of investing in Seattle real estate. The money which was stolen had been sent to Mrs. Shea by registered mail by her husband who now is on his way to Seattle. Mrs. Shea intended to deposit the money in a bank, but neglected to do so, and when leaving the house yesterday to make some purchases down town, placed the envelope containing the fortune in the mattress of her bed. Upon returning about 7 o'clock in the evening she found the door to the china closet open and the silver scattered about the floor. Without waiting to see what was missing she rushed to her room and a search disclosed the envelope that had contained her money, but the bills were gone.

The thief effected an entrance through a basement window.

## SAVES CHILD'S LIFE.

### Engineer Succeeded in Stopping Train Ten Feet From Little Tot.

Medina, N. Y., June 1.—While a west-bound New York Central fast freight train was passing through this city at high speed last night, Engineer Flanagan saw a little child sitting between the rails. He threw on the emergency brakes and stopped the train ten feet from the child. The cars were so badly wrecked by the force of the emergency brakes that they had to be removed before the train could proceed.

## GETS YEAR IN PENITENTIARY.

(Special to the Times.)  
Calgary, June 1.—One year in the penitentiary was the sentence passed on E. Giesbrecht, convicted of procuring his sister-in-law to marry him. His wife, who kept an immoral house, got two sentences of six months, to run concurrently.

## WILL NOT GRANT DISSOLUTION

## AUSTRALIAN LABOR

## MINISTRY TO RESIGN

### The Government Was Recently Defeated on Policy of Defence.

(Special to the Times.)  
Melbourne, June 1.—To-day the governor-general, Lord Dudley, refused to dissolve the Commonwealth parliament, and consequently the Fisher labor government, beaten recently on a vote arising out of their policy of defence, will not resign.

## BRAVE POLICEMAN.

### Saves Two Men From Death in Fire at San Francisco.

San Francisco, Cal., June 1.—Special Police J. H. Sullivan saved two men from burning to death in an early morning fire that gutted several stores and shops at the corner of Post and Larkin streets to-day. George Savelli, a night watchman, was asleep in the rear of a paint shop when the fire broke out. He was overcome by smoke and gas, and was unconscious when Sullivan, groping his way in the heavy smoke, stumbled upon him.

After carrying Savelli to the open air the plucky officer returned for Adam Mueller, who slept in a cigar store stand adjoining the paint shop. Sullivan escaped without injury.

## TO SELECT SITES FOR EXPERIMENTAL FARMS

### Dominion Deputy Minister of Agriculture Leaves Ottawa for West.

(Special to the Times.)  
Ottawa, June 1.—G. F. O'Halloran, deputy minister of agriculture, leaves to-day for the west to locate experimental farms in northern Saskatchewan or Alberta, and in the British Columbia fruit district or on Vancouver Island.

## ANOTHER MASSACRE

### BY MOHAMMEDANS

### Armenians Are Appealing for Protection—Turks in Persian Territory.

(Times Leased Wire.)  
London, June 1.—A dispatch from Tehran to the Times reports that Turkish regulars have occupied Persian territory at Sabulak, on the frontier. The dispatch further states that many Christians have been massacred at Monsoob, where the Armenians are appealing for protection.

## WAS HE MURDERED?

### Body of Man With Hands Tied Together With Rope Found in Bay at Frisco.

San Francisco, Cal., June 1.—Wrapped in an overcoat, in the pockets of which were several bricks, and with the hands tied securely together with a piece of hemp rope the body of a man about fifty years of age was found floating in the bay off Lombard street to-day. From papers and letters found in the man's pockets the police are inclined to believe the body is that of Charles Mitchell.

In an inside pocket was found a passbook of the German Savings bank, the entries showing deposits amounting to \$2,100. The body was decomposed badly and probably had been in the water two weeks. Detectives have been detailed upon the case.

That the man, if he was Mitchell, was murdered for his money, is not doubted by the police. Officials of the bank say that Mitchell, who lived at 535 Howard street, drew \$50 from his account April 19th. He has not been seen since. Mitchell was about 50 years of age.

## ENGLAND WINS FIRST MATCH

## DEFEATS AUSTRALIANS BY TEN WICKETS

### Cricket Ground Was Heavy, Which Resulted in Low Scores.

(Special to the Times.)  
London, June 1.—The first test match played at Birmingham between the visiting Australians and the All-England eleven resulted in a win for the home team by ten wickets. Australia scored 74 in the first innings and 151 in the second. England made 121 in the first and scored 106 for no wickets in the second innings. The wicket was wet. This is the first of the five test matches.

## WILL APPOINT MISSIONARY.

(Times Leased Wire.)  
London, June 1.—The British and Foreign Unitarian Association report states it has been decided to appoint a missionary minister with headquarters in Winnipeg, and the association promises £250 annually for three years.

## ACCIDENT TO C. P. R.

## IMPERIAL LIMITED

### East-bound Train Runs Into Open Switch—Unknown Tramp Killed.

(Special to the Times.)  
North Bay, Ont., June 1.—East-bound Imperial Limited, Canadian Pacific express, ran into an open switch at Hobon, 33 miles west of here, last night, damaging the engine and mail car.

An unknown tramp stealing a ride was instantly killed, Engineer Curran, of Chateaufort, was cut about the head, but his injuries are not serious. The passengers escaped with a shaking up. There was a delay to traffic of three hours.

## ACCEPT AWARD OF ARBITRATORS

## ANOTHER VICTORY FOR THE LEMIEUX ACT

### Winnipeg Street Railway Men Will Abide by Decision of Board.

(Special to the Times.)  
Winnipeg, June 1.—A meeting of street railwaymen, commencing at 2 a.m., decided to accept the arbitration award under the Lemieux act. The pay is slightly higher and it is optional with the men whether they will work nine or ten hours. There is to be no discrimination because of choice. This of course means that as pay, starting at 21 cents per hour up to 27 cents according to the length of service, the men electing to take the shorter hours will draw 21 to 27 cents less than men who elect to take ten-hour runs. The men win their principle as to pay, for practically all the other demands of the men are conceded, provision being made for semi-monthly paydays. The meetings of the union are strictly private and information is hard to get.

## JAPANESE WRESTLER

## WILL BE DEPORTED

### Matsuda, Now in Custody at Spokane, to Be Sent to Japan.

(Times Leased Wire.)  
Spokane, Wash., June 1.—Matsuda, the Japanese wrestler who was arrested in this city on complaint of the United States immigration officials, will be deported to his native country.

Herbie, Matsuda's wrestling partner, who also acted as his manager in arranging wrestling exhibitions, will also, it is believed, be sent back to Japan.

Hearing was held recently before United States Inspector A. P. Richardson, of the immigration office of this city. The testimony has been certified and sent to the secretary of commerce and labor at Washington, D. C.

The Japanese wrestler came to Spokane from British Columbia, where they gave wrestling exhibitions in several cities.

## DEATH OF MRS. DUVAL.

(Special to the Times.)  
Winnipeg, June 1.—Mrs. DuVal, wife of the moderator of the Presbyterian general assembly, died last night.

## LEGISLATURE OPENED.

### Warren, of Port de Grace, Elected Speaker of Assembly.

(Special to the Times.)  
St. Johns, Nfld., June 1.—The legislature was opened to-day. Yesterday members were sworn in before Commissioner Sir Edward Shea. The assembly elected Warren, of Port de Grace, as speaker, the vote being unanimous. Sir Robert Bond did not put in an appearance and the opposition was led in his absence by Former Minister of Justice Kent.

Nine ballot boxes of St. Barbe are still uncollected owing to the harbor being ice-blocked.

## NEW CABINET MINISTER.

(Special to the Times.)  
Ottawa, June 1.—It is expected that Mackenzie King, M. P., will be called to the cabinet as minister of labor within a few days prior to the departure of Earl Grey for England next week.

## MORE MEN IDLE AT PHILADELPHIA

## STRIKE-BREAKERS ARE REFUSING TO WORK

### General Walk-out of All Trades Unions is Threatened.

(Times Leased Wire.)  
Philadelphia, June 1.—Fewer cars are running in Philadelphia to-day than at any time since the strike of the platform men was declared, and the city is threatened with a general walk-out of all trades unions, affecting 75,000 men.

But 100 cars are being operated to-day and the usual number is 3,000. Strike-breakers are refusing to work and the company cannot get men to handle the traffic. Leaders of the strikers declare they are winning their fight and that unless the employers capitulate the strike will last for several months.

Representatives of the Central Labor Union to-day issued an unofficial ultimatum demanding that the strike be settled before Thursday. They threaten to call a general strike unless this demand is complied with.

## ABANDON HOPE OF SAVING THE INDIANA

### Stranded Pacific Mail Liner Turned Over to Robert Dollar Co.

(Times Leased Wire.)  
San Francisco, Cal., June 1.—Abandoning hope of saving the liner Indiana, which is aground on the rocks near Magdalena bay, the Pacific Mail Steamship Company has notified its employees to turn the wreck over to the Robert Dollar Company, which will dismantle the stranded ship. The steamer Melville Dollar is undergoing minor repairs to-day and will sail for the south this week to commence work on the Indiana.

The Indiana, which was valued at \$200,000, was insured for \$150,000 by Lloyd's. The insurance has been paid. Most of the cargo of the Indiana was saved, 1,000 bags of coffee being the only merchandise lost.

## ROSSLAND MAN WINS HONOR AT MCGILL

### E. H. Frick Secures Holmes Gold Medal in Graduating Class.

(Special to the Times.)  
Montreal, June 1.—The graduation class in medicine at McGill is announced with the result that 71 students will get the degree of M. D. E. H. Frick, of Rossland, B. C., wins the Holmes gold medal, representing the highest honors of the graduating class. There are five graduates from the west, as follows: J. C. Clark, Nelson; E. H. Frick, Rossland; C. G. MacLean, Victoria; S. C. McEwen, Vancouver; W. D. Patton, Vancouver.

## LUMBERMEN IDLE

Siison, Cal., June 1.—Sheriff Howard to-day reported that the striking lumbermen in the McCloud River district are orderly and are planning no forcible demonstrations. Contrary to the reports that have gained general circulation, the men are unarmed and have committed no violence. The situation regarding the settlement of the difficulties existing between the employees and the owners apparently is unchanged.

## SEATTLE EXPOSITION AUSPICIOUSLY OPENED

### President Taft at the White House, Washington, Touches Telegraph Key Which Sets Machinery in Motion—Celebration in Sound City.

(Times Leased Wire.)  
Seattle, Wash., June 1.—That object for which Seattle citizens have hoped and labored for many months, is to-day an accomplished fact. At 10 p.m., with a crash of many bands of music, the booming of cannons and the cheering of thousands of people, the Alaska-Yukon-Pacific Exposition was officially thrown open to the public.

President Taft, at the White House at Washington, pressed a telegraph key of Alaskan gold, flashing an electric spark across the continent which set in motion the machinery in the great exposition buildings and released an enormous American flag from the top of a high flag pole. This was the signal for ten minutes of wild cheering by the 60,000 persons who had collected at the natural amphitheatre to witness the birth of the exposition.

Message From the President.  
As soon as quiet had been restored, President Taft, of the exposition, read the following telegram, sent directly from the executive office:

"White House, Washington, D. C., June 1, 1909, to J. E. Chilberg, president A. Y. P. Exposition, Seattle, Wash.

"I congratulate you and your associates on this auspicious opening of the Alaska-Yukon-Pacific Exposition and I congratulate the people of the great northwest on the courage and enterprise they have shown in bringing it forth. The exposition, designed as it is to exploit the natural resources and marvelous wealth of Alaska and the development of trade and commerce on the Pacific slope, should appeal not only to the people of the west, but to the people of the country at large. I trust it will fully meet the expectations of those to whose untiring energies it owes its birth and that it will prove a source of instruction and education to its thousands of visitors.

"(Sgd.) W. H. TAFT."

Military Parade.  
The gates of the exposition were thrown open at 8:30 o'clock in the morning and hours before this time thousands of people crowded about the gates eager to gain admittance to the grounds. The formal opening exercises began at 9:30 with a military parade of which Col. T. C. Woodbury, U. S. A., was in command. In line were troops from the United States army and navy, Imperial Japanese navy and state militia. The pageant was reviewed by exposition officials, visiting governors and Admiral Seabree, in command of the Pacific cruiser squadron, and Admiral Iijichi, of the Japanese warships now in port.

Opening Ceremony.  
An hour before noon the people began to gather in the amphitheatre. The speakers' stand was thronged with notables. Promptly at 11 o'clock the ceremonies began, with every inch of available space occupied. For an hour the great throng listened to the prayers and addresses of the opening ceremony, the solemn words of Bishop O'Dea and Bishop Keator, the terse remarks of Director General Narue, the brilliant oratory and stirring prophecy of James J. Hill, speaker of the day, and the heartfelt words of President Chilberg when he turned the completed exposition over to the people of the northwest.

Following the official opening, luncheon was served to invited guests in the New York state building, the programme being as follows:  
Address of welcome to United States, state and county Alaska-Yukon-Pacific Exposition commissioners, Kenneth C. Beaton, editor of the Seattle Star, response, "Government Exhibits," Jesse E. Wilson, chairman United States government commission.  
During the afternoon there was music by the various exposition bands in various parts of the grounds, and the crowds of the morning were increased by newcomers as fast as the transportation facilities would unload them. There were receptions in several of the buildings on the grounds, almsip ascensions, life-saving exhibitions in the lake at the foot of the Pay Street, military concerts, baseball games between the navy and army and many other attractions.

Banquet in Evening.  
The feature of the evening programme will be the official banquet to invited guests which will be held in the New York state building. President Chilberg will preside, Governor Hay will deliver an address of welcome to visiting governors, the response being by Governor Benson, of Oregon.

The remainder of the programme is as follows:  
Address of welcome to visiting mayors, Mayor John F. Miller, response, Mayor David S. Ross, Milwaukee.  
Address of welcome to visiting judiciary, Judge C. H. Hanford, U. S. district court, response, Judge George E. Morris, supreme court of Washington.

Address of welcome to the press, J. J. Blithen, the Times, response, J. Edward Norcross, the World, Vancouver, B. C.  
Address of welcome to the army and

## CHINAMAN TRIES TO KILL EMPLOYER

### Runs Through Streets of Town and is Finally Captured After Fight.

(Times Leased Wire.)  
Bakersfield, Cal., June 1.—Raving crazy and possessed of a murderous mania, Ah Sam, a Chinese cook, is in the city jail to-day after running amuck and creating a reign of terror in the town of Weldon. He was captured by an unarmed man.

Sam went crazy when his supply of opium gave out. He seized a rifle and, after attempting to kill his employer, Chas. Brown, ran howling down the main business street of Weldon, shooting at everyone within range.

Leaving the town, the Chinese made for the upper Kern river country. A posse of men under Constable Hight, of Kernville, followed him. He was caught in a stable by a hostler, who seized him from behind and wrested the rifle from his grasp. The gun was discharged during the scuffle, the bullet passing through the hostler's clothing.

## CONVENTION OF GROCERS.

### Annual Meeting of National Association Will Be Held at Portland, Ore.

San Francisco, Cal., June 1.—Several hundred delegates to the National convention of retail grocers are on their way to Portland to-day to attend the meeting of the association, after being elaborately entertained here. Delegates from the east joined the California delegation here yesterday and were the guests at a banquet in the Fairmont hotel. After the feast the entire company started for Portland, where the convention opens to-day.

## SUMMER RAILWAY RATES.

Chicago, June 1.—Reduced rates for summer trips to western points went into effect to-day. Return tickets from Chicago to California coast cities, good from June 24 to July 10th, and July 27th to August 6th, are on sale to-day at \$22.50. The round-trip fare of \$22 from Chicago to Portland, Seattle and other cities in the northwest will be available until September 30th.

VISITING LADIES FROM ANTIPODES

Party Arrived on Way to World's Gathering in Toronto.

A party of ladies who are delegates to the quinquennial National Council of Women in Toronto, landed here from the Makura this morning for a short time at the Alexandra Club by Mrs. C. E. Cooper, president of the Women's Local Council of Victoria, and some of the club members, who accompanied them to the boat, which left port for Vancouver at 11 a.m. It was a matter of much regret to the members of the Local Council, and Alexandra Club that the distinguished visitors remained in town such a short time.

While at William Head they were entertained by Mrs. (Dr.) T. A. Watt, and presented with beautiful bouquets. In the party were Mrs. Dobson, Mrs. Telford, Mrs. Gough, Mrs. Baker and Miss Shaw.

Mrs. Dobson is the mother of Mrs. (Capt.) Perry, and on her return from Toronto will visit Mrs. Parry at Prince Rupert. Mrs. Dobson also hopes to spend some time in Victoria.

**LEELANAW CHARTERED FOR ALASKA TRADE**

Steamer Will Carry Sack Coal to Southeastern Alaska.

The steamer Leelanaw has been chartered for the Alaska trade by the Alaska Steamship Company. She will leave here on the 4th inst. to load sack coal at Nanaimo and will complete her cargo in Seattle. She will then run to Southeast Alaska.

The Leelanaw has been idle in these waters for a long time. Recently she was given a thorough overhauling at the Victoria Machinery Company's yards in the expectation of getting a charter. She was the property of the Pacific Freighting Company but the deal was put through by Greer, Courtney & Skene of this city.

**BANK CLEARINGS STEADILY INCREASING**

Record for This Year is Above All Preceding Ones.

The bank clearings for the month of May for Victoria show \$5,497,596. This is a decided increase over the clearings for May in previous years. The records for several years past were as follows: 1908, \$4,695,628; 1907, \$4,553,411; 1906, \$3,320,781; 1905, \$3,212,902; 1904, \$2,224,677.

Vernon Stewart was this morning appointed deputy fire chief on the local fire brigade to succeed Deputy Chief McDowell, who resigned. Deputy Chief Stewart was formerly a captain in the local brigade. Fourteen men have been appointed on the force and additions will be made to the staffs of the outside stations.

## ARRESTED AS AN IMPOSTER

PERSIAN MISSIONARY TAKEN INTO CUSTODY

A. J. Brace Takes Steps to Have Investigation Made.

Stephen Georgan, a foreigner, who claims to be a Persian, was arrested by the police this afternoon as he was about to leave for Vancouver. His arrest was on a warrant sworn to by A. J. Brace of the Y. M. C. A.

Georgan is charged with obtaining money by false pretenses. His plan has been to solicit funds for the benefit of orphans of those killed in the massacres at Ardana, Turkey.

He arrived here Friday last and on Sunday was present at two of the local churches where after the service he solicited funds for the orphans. It is claimed that Georgan is soliciting funds for himself and has no intention of benefiting the orphans.

He was introduced here to a countryman who on Sunday took him in hand and questioned him as regards his work and intentions. The interviewer claims that Georgan made a confession to him that the orphan idea was an idea only to get the money.

Since his arrival here he is credited with having collected some \$20 in one morning in sums running from \$5 upwards. The collections were made mostly from church people and ministers of the gospel.

He was arrested this afternoon by Detective Perdue and is held at the city jail for investigation.

**NEW BUSINESS**

J. H. le Page Has Opened Up Optical Establishment.

Another of Victoria's young men has embarked in business in his own city and makes a bid for popular favor. This is J. H. le Page, who believes the growth of Victoria demands an optical establishment thoroughly up-to-date in every particular. Such an one has been established in the opening of 1242 Government street by J. H. le Page, optometrist and optician.

Mr. le Page holds the highest qualifications obtainable; he is a graduate of Northern Illinois College of Optometry, Chicago. His years of select experience as manager of Challoner & Mitchell's optical department are suggestive of the kind of service to be had at his present quarters. Undoubtedly he is one of the best optometrists and opticians in the West to-day. His modern methods and thoroughly equipped optical rooms will enable him to fit all cases of eye trouble.

**QUATSINO JUSTICE MADE BAD BLUNDER**

Chief Justice Discharges Men Sent Down Here by Him for Trial.

Writs of habeas corpus were granted yesterday afternoon by Chief Justice Hunter to the cases of Edward Scorman and Thomas Hlad, and the men will go home to-morrow free men.

The effect of the granting of the order is the quashing of Magistrate George Nordstrom's conviction of the two men, who are school trustees and highly respectable members of the Scandinavian community at Quatsino, on trumpety charges.

Argument was heard by the chief justice yesterday afternoon, H. H. Shandley appearing for the men and H. D. Heincken, K. C., for the crown. The chief justice made absolute the orders he had granted earlier in the day.

**MAY FILE PETITION**

Decision in Contempt of Court Case Arising Out of Lynching in Tennessee.

Washington, D. C., June 1.—The supreme court of the United States today granted leave to file a petition for a re-hearing of the cases of officers and citizens of Hamilton county, Tennessee, convicted of contempt of court in connection with the lynching of Ed. Johnson, a negro, of Chattanooga.

The case was heard by Sheriff Shipp, deputy Sheriff Gibson and Nick Nolan, Henry Padgett, Luther Williams and Henry May, citizens. The officers are accused of violating an injunction of the court by allowing the lynching of the negro after he had been granted a reprieve from death sentence and the citizens are accused of participating in the lynching.

The court room was crowded when the decision was handed over. The defendants were seated in front of the bench containing the justices. After retiring to consider the request of the defence that it be allowed to file a petition for re-hearing, the justices returned and Chief Justice Fuller answered that sentence would be deferred. He then granted the defence 30 days in which to file the petition.

The entire matter was then set aside until the next term of court and the defendants given into the custody of the United States marshal of the Tennessee district. They will be returned to Chattanooga, where they will be released on bond.

## FOUR DESERTERS PROBABLY DROWNED

Disappear From the British Barque Musselcrag at San Francisco.

(Times Licensed Wire.)  
San Francisco, Cal., June 1.—The discovery of a capsize small boat floating in the bay to-day leads to the belief that four deserters from the British barque "Musselcrag" have been drowned. One of the missing men had been denied admittance to the port because of trachoma and the local police are scouring the city to assure themselves that he did not succeed in landing. The missing men are: John Larsen, Henry Johnson, John Oleson and George Arntson. They made their escape from the ship early to-day after binding and gagging the night watchman. Their desertion was reported to the police by Capt. Fraser of the Musselcrag.

**DEADMAN'S ISLAND FIGHT**

Vancouver, June 1.—Kinnman, who was released on bail after being arrested at Deadman's Island charged with damaging park property, returned to the island this afternoon. He attacked Constable Allen with a stick, and with his two companions, W. Smart and F. L. Bartley, was restrained, bail being refused.

(See also page 1.)

**SELOUS AS GUIDE**

Will Direct Movements of Roosevelt Party in New Hunting Grounds.

Nairobi, June 1.—Colonel Roosevelt and his party will depart for Sotik, in the Lumbwa district, next Thursday, according to reliable information received here to-day. The party will continue its hunt for big game after its arrival at the new camp. F. C. Selous, the famous English huntsman, will direct the movements of the party.

**AUTOS START ON LONG RACE**

Seven Machines Enter Contest From New York to Seattle.

New York, June 1.—At a telegraphic signal from President Taft at 3 o'clock this afternoon Mayor McClellan fired a shot from a gold-mounted revolver starting the transcontinental automobile race to the Alaska-Yukon-Pacific Exposition. Two Acmes, two Fords, a Stearns, a Shawmut and an Italia started. Two pacing machines, which will keep the racers within the speed limits of the various states, preceded the contestants. They will remain in the lead until Kansas City is reached, after which the cars will go alone.

Crews of the racing machines are confident of arriving at Seattle within four weeks.

**TARIFF BILL IN SENATE**

Washington, D. C., June 1.—The hearing of the committee report fixing the special hours of the senate sessions for the consideration of the tariff bill was postponed until to-morrow. It is probable that the hours adopted will be from 10:30 to 5 o'clock and from 8 to 11 o'clock, or later.

## AUTO WRECKED IN RACE AT LOS ANGELES

### Swerves From Track and Rolls Down Embankment—Driver Injured.

(Times Leased Wire.)

Los Angeles, Cal., June 1.—Shortly after the start of the big six-hour automobile race, for the benefit of the orphans' home at Ascot Park yesterday, one car was wrecked, two men had a miraculous escape from death and one of them, L. G. Patte, driver of the Cadillac entry, sustained serious injuries.

The accident happened at 10:19 o'clock after the race had been in progress only 14 minutes. The Cadillac was making about 50 miles an hour and had just passed the grandstand. When the car reached the curve just south of the grandstand it seemed to be in good condition and almost made the curve, when suddenly it swerved and shot through the outside fence and rolled down a twenty-five-foot embankment. At the time of the accident there were fully 5,000 people in the grandstand.

## TROUBLE BREWING IN REPUBLIC OF SALVADOR

### Civil War Appears Imminent—Mining Engineer Held as Spy.

San Francisco, Cal., June 1.—That an American citizen named Cleveland, a mining engineer in the employ of Chas. Butters, of Oakland, is confined in a Salvadoran prison charged with being a spy is the news brought to this city by E. H. Davidson, who arrived on the steamer Acapulco.

Davidson stated that the republic of Salvador is in the grip of internal strife that borders upon civil war, and that the presence of the United States cruisers South Dakota and Albany alone have prevented a general outbreak. In view of this condition government agents have been unusually active, and the arrest of suspected spies is frequent.

Cleveland, according to Davidson's story, was taken into custody and thrown into jail, and all his efforts to prove his innocence failed.

Davidson was arrested while he was preparing at Port La Union to quit the country. He was released from prison after his record in the republic had been investigated officially.

## THE DOSE IN TIME THAT SAVED NINE

### DODD'S KIDNEY PILLS CURED DAN MCGEE'S BACKACHE.

He Used the Old Reliable Kidney Remedy and Found a Speedy and Complete Cure for his Trouble.

James River, Antigonish, Co., N. E., May 31.—(Special).—It has again been proven in the case of Mr. Dan McGee, a well-known farmer living near here, that backache is only a symptom of kidney trouble, and that Dodd's Kidney Pills cure it quickly and completely.

"I suffered from backache for two months," Mr. McGee states. "It started from a strain and grew steadily worse. I also had occasional attacks of lumbago. I was always tired and at times my eyes were puffed and swollen. In the mornings I had a bitter taste in my mouth.

"Then I decided to try Dodd's Kidney Pills and the result is that to-day I am a well man. I advise all persons suffering from backache or lumbago to use Dodd's Kidney Pills.

Mr. McGee caught his kidney disease in its early stage, and Dodd's Kidney Pills cured it almost at once. Neglected kidney disease develops into Rheumatism, Dropsy, Bright's Disease or Heart Disease. Dodd's Kidney Pills will cure any and all of these.

## PICTURES OF ALASKA

Scenes of Northland Strikingly Shown in Panorama at Alaska-Yukon-Pacific Exposition.

Seattle, Wash., June 1.—A splendid example of exploitation by means of the panorama is exemplified in the exhibit of the territory of Alaska at the Alaska-Yukon-Pacific exposition. The enormous painting has been executed under direction of the United States government and is the work of Messrs. Gates and Morango, of New York. The scenes and local coloring occupied more than a year in gathering.

The panorama is 150 by 40 feet in dimensions, and its perspective and general coloring are startlingly perfect. It shows mining operations being conducted in all branches, and the scenes of hydraulic and placer gold workings, fishing, lumbering, hunting and agriculture and every instructive feature of the territory are brought close at hand.

The foreground leading to the edge of the painting is made up of real earth and rocks, and where this gives way to the canvas a miniature miner's cabin is built. The lighting effects are skillfully arranged, and fourteen cluster arc lights show the panorama to the best advantage. These are controlled by mechanism so arranged that the four effects of dawn, noon, sunset and night are produced. Each of these periods are of five minutes' duration, and the passing of early morn into midday, then to twilight and this followed by the wondrous coloring of far northern midnight, is beautiful and charming in the extreme.

## ALMOST LYNCHED.

It happened to a local druggist that sold a cheap acid corn salve instead of the reliable Putnam's Corn Extractor. Substitutes burn the flesh—Putnam's cures the corn. Use only the brand—Putnam's.

### CONSTIPATION

## YOUNG FOLK ELOPED IN AN AUTOMOBILE

### It Broke Down Frequently, But Willing Hands Put it in Order.

Tacoma, Wash., June 1.—Unable to secure the consent of their parents on account of their youth to their marriage, W. S. Todd, the son of S. G. Todd, a Tacoma pioneer, and Miss Hannah A. Hare, the 17-year-old daughter of Mr. and Mrs. Ed. R. Hare, also pioneers of Tacoma, eloped in an automobile to Olympia and were there married. Several times on the way their auto broke down, but was put in working order each time by sympathetic chauffeurs passing. On their return to Tacoma they were forgiven by parents on both sides. Young Todd is but 18 years old, and both were high school students.

## MEMORIAL DAY PARADE

Veterans, Soldiers and Sailors Take Part in Exercises at Seattle.

Seattle, Wash., May 31.—The annual Memorial Day parade was held this morning, starting from the National Guard armory at 10 o'clock and ending at the Grand theatre.

In a line nearly a mile in length the veterans, soldiers from Fort Lawton, and bluejackets from the warships in the bay marched to do honor to their one-time fellow-servants of the nation. At the Grand theatre the memorial address was made by Herman W. Craven. Following the address, Lincoln's Gettysburg speech was read.

This afternoon flowers were placed on the grave of every veteran buried in Seattle, and scattered upon the waters of the Sound in honor of those who there have found their last resting place.

At San Francisco, Cal., May 31.—In memory of the men who died at sea in the service of the United States, two hundred veterans of the civil and Spanish-American wars to-day with impressive ceremony strewed the waters of the Pacific with thousands of hundreds of rose gardens of this city.

## REFUSE OFFER OF MARRIAGE FROM RAJAH

### Indian Prince Sends Proposal to Two American Girls.

San Francisco, Cal., June 1.—The Misses Barbara and Marion Deering, daughters of the millionaire farm implement manufacturer, Chas. Deering, both of whom received proposals of marriage from one of the wealthiest and most powerful Indian Rajas, are in the city. They arrived on the Pacific liner Siberia, after an extended tour of the Orient.

During the trip with their uncle, Captain Robert S. Whipple, U.S.A., retired, the young Americans were received by the Indian potentate. During their presence in the palace the Rajah showed them marked preference.

The climax of this adventure, however, came the following day.

Clad in gorgeous Oriental dress, emissaries of the prince waited upon Capt. Whipple, and formally asked in marriage the two American girls for their ruler. Whipple declined the offer diplomatically. The young ladies prefer not to talk of their strange adventure. They were astounded that the news of it had reached this country.

## NEGRO LYNCHED.

Brother of Man Suspected of Killing Deputy Sheriff Hanged.

Portland, Ark., May 31.—A posse of citizens yesterday lynched Joe Blakely, a negro, brother of Sam Blakely, who shot and killed Deputy Sheriff Cain near here on Saturday morning. Unable to catch the alleged murderer of Cain, the posse lynched the brother after he declared that he intended to "get" Bad Harper, who had killed the Blakely brothers' dog. Trouble over the dog resulted in Cain's death, and the lynching followed.

## WOMAN MURDERED.

Chicago, May 31.—Mrs. Nora Jane Climens, 29 years of age, was found dead from the effects of chloroform poisoning in bed yesterday, and her husband, Dr. Haldane Climens, 27 years old, who discovered her body, is being held by the police.

Dr. Climens insists that both he and his wife were the victims of robbers, who chloroformed them. Dr. Climens was graduated from the University of Iowa in 1902.

## TAKES POISON.

Honolulu, June 1.—Starr Hoyt Nichols, a broker of New York, committed suicide on Saturday night by taking chloroform in his apartments in the Royal Hawaiian hotel. He was 41 years old and had been troubled by insomnia. His suicide is attributed to his nervous condition.

"THE LADIES' STORE 1010 GOVERNMENT ST."

## MONUMENT UNVEILED BY MISS HELEN TAFT

### Memorial Erected by U. S. Government in Honor of Soldiers is Dedicated.

Pittsburg, June 1.—Miss Helen Taft, daughter of the president, yesterday unveiled a monument erected here by congress to the memory of regular soldiers who died in defence of the Union in the civil war. President Taft, Secretary of War Dickinson and army officers from every part of the United States participated. The monument is magnificent and cost nearly \$200,000.

A detachment of regular soldiers met the Taft party at the station. After firing a salute of 21 guns, the soldiers came to attention until the presidential party was ready to depart for the scene of the ceremonies.

After a special band played "America," Chaplain Chouinard delivered the invocation. President Taft's address followed. The president praised the heroic deeds of the participants in the civil war and declared that it was fitting that the national government should honor the heroes who fell in the struggle. At the conclusion of her father's address, Miss Taft unveiled the monument, while the band played the Star Spangled Banner.

Then Secretary Dickinson presented the monument to the Gettysburg battlefield commission, which was represented by Lieut. Colonel John P. Nicholson. The ceremonies were concluded when the oldest battery commander present placed laurel wreaths at the base of the monument and "taps" was sounded.

## Letter From a Forty-Niner.

Here is a simple, interesting and sincere letter from a rugged pioneer of '49, who braved the dangers and hardships of the overland trail to California. It should appeal to all cattarrh victims.

Santa Rosa, Cal., May 5, 1908. Booth's Hyomei Co., Buffalo, N. Y.

Dear Sirs:—I was afflicted with cattarrh and tried a number of remedies, but received no relief. I purchased an outfit of Hyomei, and before I had used the bottle I noted a marked relief. I used it for a month or so, and thought I was cured, and stopped using it for a year or so. I thought I was getting cattarrh again, and started using it again. I use it every morning, and keep myself clear of cattarrh. I consider it the best cattarrh medicine that I used. I have often recommended it to my friends. I am 51 years old. I came to California in 1849, and of course am not as vigorous as I was 58 years ago. My address is 841 4th Street. Yours truly, W. Mock. Hyomei (pronounced High-o-mee) is guaranteed by D. E. Campbell not only for cattarrh, but for grip, coughs, colds, bronchitis and croup. A complete outfit, including inhaler, costs only \$1.00; extra bottles of Hyomei, if afterwards needed, cost-but 50 cents.

## PLAGUE IN SOUTHERN CHINA.

In One District More Than Fifty Deaths Are Reported Daily.

Amoy, China, June 1.—The bubonic plague is reported from various points in southern China. At Tsing Tsai, where the malady is showing its most virulent form, there are upwards of fifty deaths daily. Amoy has comparatively few cases.

## BAIN WAGONS

None but the best seasoned wood enters into the construction of these wagons. The iron work is made especially strong for the B. C. trade. The bolsters are clipped to the axles, and taken altogether they are the strongest and most durable wagons on the market.

## THE SEATTLE FAIR.

The great Alaska-Yukon-Pacific Exhibition was opened in Seattle to-day with all the ceremony and display characteristic of latter-day republican institutions. Still there is no manner of doubt that the show will prove worthy of the pomp and circumstance with which it was "inaugurated." It contains a display of the splendid natural and finished resources of the new West, whose potentialities the world has been somewhat slow in appreciating. But of recent years the trend of immigration has been more pronouncedly westward, and the country has been filling up with a rapidity which leaves little to be desired. The one thing necessary to produce this result was the construction of railways, which in a region of magnificent extent must precede population. These modern highways have now penetrated the country in all directions, and the more of them there are the greater the necessity for still more of them. It was the Great Northern Railway which made Seattle, the home of the A.-Y.-P. Exhibition, and it was fitting that James J. Hill, the Canadian who built that road in defiance of the predictions of pessimists, should be the orator of the day in connection with its opening. After the Canadian Pacific Railway the Great Northern Railway was the first road in the Northwest to pay more than the actual cost of operation. And yet, soer though Mr. Hill proved himself to be in connection with land transpor-

tation, he embarked in one enterprise which proved a dismal failure. His great steamships, built with the object of promoting trade between the United States and the Orient, proved real marine white elephants on his hands. This result may be attributed to three causes. In the first place the Minnesota and the Dakota cost too much to build; in the second place, they were too costly to operate; and, in the third place, the fiscal policy of the United States is an insuperable obstacle to a large and profitable trade with the nations of Asia. So that when anyone talks of the Pacific Ocean becoming the Mediterranean of the immediate future he speaks without justification. For the present there are racial and fiscal obstacles in the way of the Pacific becoming an artery of commerce such as the Atlantic. The Canadian and the American Northwest will grow and increase very rapidly in wealth, therefore, not by reason of intercourse with Asia, but as a result of the demand for that which we produce in superabundance in the markets of Europe and Eastern, Central and Western America. As we have had occasion to point out, the West is the natural complement to the prairie country. A wonderful impetus will be given to settlement and industry in the West as a result of what millions of visitors to the Seattle exhibition will see displayed there. The preliminary arrangements of the show have been carried out with business-like precision and untiring industry. There is every reason to believe that in every respect, therefore, the show will prove a splendid success.

## THE RULE OF THE ROAD.

The Times has been requested to make a suggestion to the public of Victoria. It is nothing less than that in our outgoings upon the streets and sidewalks of the city we should accommodate ourselves to the ways of the "continent to which we belong." That is: that in our daily and nightly walks and exercises, whether on foot, on horseback or in carriages, we should pass to the right instead of to the left. As our readers are doubtless aware, the procedure in most, if not all, of the provinces of Eastern Canada and in every part of the United States is to always keep to the right. Victoria is visited yearly by large numbers of people, all of whom have been accustomed to keeping to the right. The number of visitors is increasing annually, and is likely to increase in greater proportion in the future. The result is seen in confusion on our streets. It is also attended with danger in these days of terrestrial flying machines like motor cars. But the law says "keep to the left," and it is not within the province of the individual to set his face against the law except at peril of consequences of perhaps greater moment than mere personal injuries. For ourselves we think keeping to the left is the more logical, the more convenient and the safer system. But in this case the majority is against us. It is therefore only a question of expediency, of submitting to the rule of the majority in order to guard against accidents. The danger lies in the fact that strangers in our midst have been accustomed to keeping to the right. A rule of the road to which one has not been accustomed may slip the memory just at a time when its observance is most essential. The matter might very properly be considered by the legislature. What do our readers think about it?

## THEIR ONLY HOPE IS CANADA.

If a citizen of the United States should prove so unpatriotic as to desire a suit of clothes of foreign make of a nominal value of fifteen dollars, he must pay about eleven dollars duty thereon. It is fairly safe to assume that the manufacturers of clothing take the utmost advantage of this situation. They would be more than human if they did not. Consequently while the revenue of the United States is probably not augmented to any considerable extent by the importation of manufactured clothing, there is little doubt that the cost of such clothing to the wearer of it is just about double what it would be under what may be termed a normal fiscal system. He pays the tax to the manufacturer instead of into the national treasury.

If James J. Hill's estimates of the production of wheat and the increase of population in the United States be correct, the position of the consumer of wheat will presently be upon a par with the wearer of clothing. The Great Northern Railway magnate says the point will soon be reached where the wheat growers of the United States will barely produce enough of this staple cereal to feed the population of the country. When that time comes the farmers of the country, or more probably the wheat speculators of the country, will experience the benefits of the tariff. There is a heavy duty on foreign wheat now, but it has no effect upon prices, inasmuch as there is a surplus of wheat grown (estimated at from fifty to sixty million bushels), which is exported to Great Britain. Consequently the price in the foreign market absolutely determines the price in the home market.

In ten years, according to present indications, the Americans will merely be able to feed themselves. High protection will be effective all along the line. The nation will for a year or two be self-sufficient unto itself—self-sustaining, self-centred and self-satisfied. If the

population by some scientific device akin to a scientific tariff such as is being manufactured in the Senate at Washington, could maintain the population permanently at one hundred millions there would be nothing of a material nature left for the people to desire. But we fear the people will continue to increase in numbers, and that they will be compelled to resort to that dreadful alternative of either importing food and clothing or going hungry and at least partially naked.

In the meantime there is every likelihood that Canada will be in a position to export wheat, other kinds of food, and almost every other necessity of life, for a considerable number of years to come. If our neighbors desire any of these things, and have the price, we may possibly do a trifle of business with them.

We observe that Great Britain is also somewhat disturbed in mind in regard to food prospects. The Birmingham Daily Post, which may be a "free-food" journal, alarmed at the increase in the price of wheat, which it attributes to the manipulations of American speculators, says: "We cannot control foreign speculators, but we can put it beyond their power to gamble with our food by encouraging British farmers to lay down a greater wheat area and also by stimulating agriculture within the Empire. That is the strong moral of the present crisis." Unfortunately for Britain, the area of land in the country suitable for wheat production is but small in comparison with the population to be fed. Even breaking up the large estates, which it is said will be one of the results of the Asquith government's policy, cannot have a very material effect upon the situation. Nor is the wheat grown upon British soil comparable with No. 1 hard grown only in Canada. This the British consumer has tasted and will be satisfied with nothing else.

We can see nothing for it but that both Great Britain and the United States shall lean upon Canada's "staff of life." We can support them both, and we will do it gladly—for a consideration.

Collier's: The world shakes hands with Colonel Roosevelt. Three lions in a day, even with a mighty hunter like F. C. Selous beating them up, is a good bag. As Nick Bottom says, there is no more fearful wild fowl than your lion living; and to flush a covey of three, king of beasts instead of an ex-President. Some people say the Colonel does get one on the ground, as it were, and two on the wing, takes clean shooting and a fine line of courage. If the Colonel's eye or hand had failed he might have been a breakfast for the cat of the wild and penetrates the jungles of Africa in search of big game. Former Presidents, on withdrawing from public life, have kept diaries, written memoirs, or planted gardens. There is nothing to this argument. No mere lust of killing takes Colonel Roosevelt so far afield. A ruler of the greatest republic in the world could not well hunt anything less than lions, and if lions have not developed under the protective tariff of the United States it's not Colonel Roosevelt's fault. Besides, killing lions is of a piece with his career as a crusader—it is for the general advantage of mankind. This will be a better, safer world when all the lions are dead, except those that speak at banquets and roar in drawing-rooms. And many of these, tame, house-broken though they are, might also be exterminated with profit to society.

We observe also that Colonel Roosevelt has shot a charging bull rhinoceros. For this act he merits nothing but praise, for they certainly know how to charge in Africa, from hotel-keepers down. So does the Colonel, for that matter. A dollar a word, isn't it, for these deeds of derring-do? Here's hoping that he escapes all dangers of hood and field, that he is not bitten by a fringe-eared oryx, or kicked by a zebra, or hugged by a bo-constrictor, and that he returns laden with trophies to his native land.

Vancouver is almost as eruptive as a Latin republic. The Deadman's Is-land question is seriously troubling the people at the present time. The advent from Ottawa of that broad-minded and talented statesman, George H. Cowan, M. P., may quell the insurrection, however.

The way of the air navigator is full of trouble. Count Zeppelin's first ship suffered disaster; his second has fared almost as badly. To crown the misery of his highness, the German government has decided that his invention

will not do. The war department will have nothing to do with it. Yet there is this to be said for the productions of the Teutonic Count, they do not lose their balance and flop to the earth in case their navigator strops, in a moment of abstraction, too far to one side of the ship.

Certainly, the city ought to contribute one hundred thousand dollars for the erection of a new hospital. The city debt and the taxation as a consequence thereof are not increasing fast enough already. Is there not some danger of the popular view in regard to civic expenditures becoming too extravagant? Borrowed money must be paid back with interest, you know.

We do not know what has become of Abdul the Damned and his five hundred wives, more or less. But if Abdul, shorn of state resources and his private bank accounts, is compelled to support that fat-skinned household (fair-sized even from a Mohammedan point of view) it is morally certain he is "having the time of his life."

Elections in South American republics are still decided by bullets, not by ballots. Peru has just had an election, and the government has been victorious. Only a few patriots were slain.

## What Other People Think

ON BEHALF OF THE REGIMENT.

To the Editor:—On behalf of the sports committee of the Fifth Regiment, I desire to most cordially thank you for the generous manner in which the Daily Times treated us in connection with the late naval and military display. Your complimentary references to the different items were very much appreciated, and in a measure, we hope, deserved.

Everyone, I think, received their full share of praise, except, perhaps, Sergeant O. Clarke and Dr. J. Stuckey. The former instructed the sergeants for their lance drill and the officers in the sword exercise, while the latter was responsible for the proficiency to which the physical drill and bayonet exercises squads attained.

A. W. CURRIE.

## PATRIOTIC EVENING BY YOUNG PEOPLE

Interesting Address by Colonel Gregory in St. Andrew's Church.

The Young People's Society of St. Andrew's Presbyterian Church held their last social meeting of the season last evening, when a stirring Empire Day programme was rendered, and the assembly room elaborately decorated with flags and bunting, and a floral color scheme in red and white.

Mr. W. K. Houston acted as chairman, and the programme opened with a brilliantly rendered piano solo by Miss Howell. Mr. Shandley followed with a patriotic song which was given in his usual happy manner. The speaker of the evening, Col. Gregory, who commenced his talk by telling of a young man with a new bow and a new girl whom he saw at the Gorge on Victoria Day, flying a new flag upside down. While not blaming the young man under the circumstances, the Colonel said it was too bad that so few really knew how to float a Union Jack correctly.

The speaker defined patriotism as one who loves his country and loyally supports its laws. They must not, however, confuse patriotism with loyalty. To be a patriot one must have a country, but a man may be loyal to a deposed King or a conquered country. When they get patriotism and loyalty combined they have what all should aim at.

The Colonel then spoke of the patriotism of the Swiss, for their native cantons first and then for their country as a whole, and urged the necessity of Canadians to be loyal to their provinces and to their Dominion, and not only loyal but proud. A Canadian had no need to ever take a back seat for the internal resources of Canada were boundless.

Patriotism brings responsibilities. In municipal affairs, in social affairs, in anything which tends to uplift, the true patriot must work for his country as well as for himself.

The Athenians, Romans, Greeks, having reached the pinnacle of their fame, became indolent, luxurious, and as a consequence, they fell. They could not afford to shun about patriotism and sit with folded hands doing nothing. The province of British Columbia was six times larger than England. They should get busy and make it what it ought to be, one of the greatest provinces in the world.

The speaker resumed his seat amid much applause.

Mrs. E. Campbell gave a magnificent rendering of "The Brothers of Jack Tar." Miss Lawson read Kipling's "Story of the Empire," and gave an encore a patriotic Scotch serenade, which was most laughable. The Misses Polson and Robertson followed with a piano duet, which was much enjoyed, and Mr. Griffiths' vocal solo, "The Veteran's Song," brought down the house. A medley of patriotic airs on the violin by Jesse Longfield came as a pleasing variety on the programme. Mrs. Gregson and Miss Robbins gave patriotic solos in a very pleasing manner, and the chairman, W. K. Houston, gave a rousing

## Ladies' 2-Piece Dresses on Sale To-morrow at \$2

Just the kind for the coming weather. They are made of good quality cotton, in stripe effects, and are extremely stylish, considering the price and quality of the material, it would be mere fallacy to pass these over.

Special for Wednesday ..... \$2.00

## Another Special Offering, Linen Suits, \$8.50

The great value of these suits was clearly demonstrated by the enthusiastic purchasing which was done ever since putting this offering on. Large numbers of ladies took advantage and purchased just the suit they needed at a quarter less than regular prices. There are a few left in colors of plain blue, helio stripe and plain white. Some very prettily trimmed with lace. Special for Wednesday ..... \$8.50

## Women's High Grade Tailored Suits Go on Sale at \$13.75, \$19.50 and \$25

## PERSONAL.

George Koester, of Seattle, is in town for the races, and will be a permanent guest at the Dominion during the meeting.

Mendames, Sandford and Boulding, Richmond avenue, are receiving to-day, and not again until the first Tuesday in October.

R. Marpole, general executive assistant, is in the city to-day on ordinary inspection work. He expects to make a trip up the island in the near future.

## OLD INDIAN NAME FOR ESQUIMALT

Naval Village Narrowly Escaped Being Called Cachimutupusas.

A meeting of the Natural History Society was held last evening, the main feature being the examination of some specimens collected on the previous Saturday by J. R. Anderson and E. Wallace. The naming and describing of the peculiarities of these proved of great interest as well as the examina-

tion of some spores from a fungus which attacks the pine. A. S. Barton told of some of the calms which had been found near the northwest side of Esquimalt harbor in which, contrary to custom, there were head stones. It was pointed out by some of the members that these old calms were usually found in the neighborhood of the fortified villages.

Dr. Newcombe brought a copy of an old Spanish record which told of the visit to Esquimalt, on June 10th, 1779. They named it the Port of Cordova, but the Indian chief, Tetacus (Tatoosh), called it Chachimutupusas. A paper was to have been given by Captain Rudolph Diespecker on British East Africa, but owing to his being absent from the city the paper was postponed until the autumn.

## Beautiful Hair

Is prized by most people—men and women alike. It gives a good, personal appearance in both business and social life, so that it should be considered just as much as good clothes.

the blocks will commence at once.

—The library returns for the month

of May, reported by city librarian,

J. G. Hand, are as follows: Number

of books borrowed during the month,

4,411; highest daily average, 176; aver-

age daily, 176, and the number of new

cards issued, 35.

—The United Wireless Company has

just opened a new wireless station at

Port Townsend, which will connect

with the other stations of their sys-

tem. With it they will be able to speak

down the Sound or up the Straits, the

position being particularly advantage-

ous. The Seward is the latest steamer

to be equipped by them.

—A concert was given last evening

by the Epworth League of the Spring

Ridge Methodist church at the Old

Men's Home. The inmates much en-

joyed it and on motion of Messrs. Har-

men and Dearberg, a vote of thanks

was tendered to the entertainers. E.

E. Hardwick, as the president of the

club, acted as chairman. The follow-

ing programme was rendered: Recita-

tion, Miss Moore; solo, Mr. Barrett;

dialogue, Miss Myrtle Noble; Mr. Moore

and Mr. Wilson; duet, Messrs. Brown;

recitation, Mr. Wilson, sr.; solo, Miss

Yeo. Refreshments were served at the

close.

—At the regular monthly meeting of

the Typographical Union the officers

recently elected to serve the next term

of twelve months were initiated into

office. Past President W. E. Ditchburn

acted as installing officer. Following

are the officers, which were initiated:

President, J. L. Neate; vice-president,

J. Chow; secretary, Geo. M. Watt;

Like the sun, which dispels all darkness, the Pen-Angle trademark disperses the gloom of uncertainty which enshrouds the buying of underwear. Pen-Angle garments fit best, wear longest, are unshrinkable, and guaranteed.

## LOCAL DOGS PRAISED IN NOTED JOURNAL

### Handsome Dan, Second Winner at Portland, is Best of Premiers.

The "Field," referring to the recent dog show at Portland, where Handsome Dan 2nd and Malindy Bob met in the top class for premier honors, says: "The place for premier honors for dogs came in this class, when Champion Malindy Bob met Handsome Dan II. Major Taylor gave the dogs a careful look-over, for it is not a pleasant duty to relegate a dog to second place when he has earned first honors so long and maintained himself so well in first place in the present circuit of shows. It can be said for Bob that he was not shown in best condition, being all out of condition in coat, which seemingly had not received any attention. This was quite a handicap for him, but it is questionable if the verdict could have been changed even if in best form, that being better in eye and expression, equally good in head, as well as in shoulders, where Bob usually has an advantage. Dan had a decided advantage in chest, with a better spring of ribs, as well as in action. In show condition of coat there was no comparison, so the verdict was for Dan, one that seemed to meet universal approval. Bob has a reputation that he will well afford to retire on. He met the state of many before him, whose owners think them invincible after a long winning career, but in the end meet defeat by an equally good or better younger one. Winners and reserve went to Dan and Bob."

Handsome Dan II. was bred by Tom McConnell from Champion Malindy Bob and Rockland Ladybird.

## LONG PROGRAMME OF MOTOR BOAT RACES

### Victoria Boats May Enter Events of P. I. P. B. A. Carnival.

The following is the programme of the Pacific International Power Boat Association in connection with the A. Y. P. exposition to extend over a fortnight and commence June 26th. Many local boats are expected to enter the events:

June 26.—Cruise of the P.I.P.B.A. to Vancouver, stopping at Bellingham.  
June 27.—Cruise from Bellingham to Seattle.  
June 28.—Lay over at English Bay.  
June 29.—Long-distance race, starting at 8 a.m. and continuing all day.  
June 30.—Finish of long-distance race from noon, June 30th. In evening informal reception to visitors at the Elliott Bay yacht club's new house.  
July 1.—Motor boat races around Bainbridge Island for all classes and types of power boats. Note—these boats should be on hand for measurement on June 30th.  
July 1.—Evening. Annual meeting of P.I.P.B.A. and smoker for visiting yachtsmen at E.B.Y.C. club house.  
July 2.—E.B.Y.C. regatta in the morning. Ball given by the combined yacht and motor boat clubs of Seattle at Leechi Park pavilion in the evening.  
July 2.—Alexandra-Spirit II. and MacNeill cup races in a.m. World championship speed races (first heat, 8, 10 and 12 metre classes) on Lake Washington in the afternoon. At 4 p.m. the combined power and sail squadrons will leave the E.B.Y.C. for Port Madison spit for a stag cruise. Indian supper, clam bake and fireworks.  
July 4.—Fleet at Port Madison spit. Aquatic sports, ball game and races by Algonquin Boating Club. Barbecue at noon. Moonlight sail around Bainbridge Island and back to Seattle.  
July 5.—Second Spirit II.-Alexandra and MacNeill cup races in a.m. Banquet and meeting of N.W.I.P.A. in the evening.  
July 6.—N.W.I.P.A. regatta in a.m. Second heat of motor boat races in afternoon on the lake. Moonlight sail on lake and visit to A.Y.P. grounds in the evening.  
July 7.—Third heat of Spirit II.-Alexandra and MacNeill cup races. If necessary, motor boat speed races on Lake Washington. Note: Yachting visitors must be prepared to show credentials at headquarters, 610 Coleman building, and receive proper badges. Rooms may be retained in advance by addressing Vince Fabien, chairman of the entertainment committee, Mutual Life building. When ordering state number, price and duration of stay. The dance will be in undress uniform or outing flannels. Folder on general yachting etiquette, cruising in squadron, rules of the road, code signals, etc., may be had on application at G. V. Cuppage, secretary of Victoria Yacht Club.

## VANCOUVER BOWLERS TAKE SECOND PLACE

### Results of Team Games in the Western Tournament at Seattle.

Seattle, Wash., June 1.—With a total score of 2,512 pins for the three games, the Vancouver Terminal, of Vancouver, B. C., won the second series of five men team games of the Western Bowling congress last night, taking second place in the tournament, having been unable to better the score of 2,537 made by the Rubes and Jays of this city on Sunday night. The contesting teams last night, and the total scores made, were the Terminals 2,512; the Rubes Hotel club of Vancouver, 2,537; the Seattle Athletic club, 2,415; the Wonders 2,394; the Victorias, 2,356; and the Gilbert Heavies, 1,830.

The principal feature of the tournament to-day will be the championship contest for ladies teams of five each, in which three teams are entered. The teams which will fight it out for the championship are the Seattle ladies' team of this city, the Denver ladies of Denver and the White City ladies of Seattle.

Considering the fact that this tournament to-day will be the championship of all classes in bowling for the entire west, a pitiable lack of interest is being shown in the Western Bowling congress by lovers of bowling in this city. Had it not been for the entries of teams from nearby cities across the Canadian border the tournament would have been a flat failure from the start, and even now, with an international tournament in full swing, the people of this city fail to show enough interest even to attend it.

## THE RING. JEFFRIES GOING TO EUROPE.

(Times Leased Wire.)  
Chicago, June 1.—Jim Jeffries announced to-day that he will go to Europe in a few weeks and on his return will prepare for his battle with Jack Johnson. Jeff said: "I am going to Europe primarily to take the baths at Carlsbad and incidentally to fill a few theatrical contracts which I signed recently."

## STANDING OF CLUBS IN NORTHWESTERN LEAGUE

	W.	L.	P.C.
Seattle	21	11	.660
Spokane	25	19	.568
Portland	20	22	.474
Vancouver	18	25	.419
Tacoma	18	26	.409
Aberdeen	16	27	.372

## WEIGHTS OF OPENING HANDICAP TO-MORROW

### Plans for the Race Meet About to Open in the City.

The weights for the opening handicap to be run Saturday afternoon next will be declared to-morrow. The handicappers will be Robert Leighton and Frank Skinner, who are also the presiding stewards of the meeting.

Horsemen are notified that acceptances for the opening handicap are due Friday morning at 10.30. Entries for the five other races for opening day are due on Friday at 10.30.

The club has made arrangements for band music for the races and will employ all the hands in the city, thus distributing the work among them all. Weekly engagements will be made and the bands engaged to play between the races. They will probably be stationed opposite the grand stand inside the centre ring. The Victoria City band will play for the first week and twenty pieces are engaged.

Patrons visiting the course in automobiles will have the privilege of sailing inside the inner ring of the course, where they can view the races from their machines. There are many who it is understood, will take this method of seeing the races. It is probable that the club's arrangements for a special steamer service from Seattle and Vancouver will be effected by Saturday and that a favorable rate for the return trip will be the outcome of the negotiations with the C. P. R.

The officials of the club made an example of an owner who came here with a horse recently. He arrived in an inebriated condition and made considerable noise. The officials turned him right round and shipped him with his horse back to Seattle.

—Nothing to compare V. I. Cigar.

## RESULTS OF GAMES IN BASEBALL LEAGUES

(Times Leased Wire.)  
NORTHWESTERN.  
Tacoma, May 31.—Scores were as follows:  
Vancouver 4 8 1  
Tacoma 1 3 1  
Batteries—Engle and Sugden; Samuels, Grady and Bender.

Seattle, May 31.—Scores were as follows:  
R. H. E.  
Aberdeen 1 3 2  
Seattle 3 9 2  
Batteries—Siever and O'Brien; Allen and Shea.

Portland, May 31.—Scores were as follows:  
R. H. E.  
Spokane 0 2 2  
Portland 3 8 1  
Batteries—Jensen and Stevens; Kinella and Murray.

COAST.  
Los Angeles, May 31.—Scores were as follows:  
R. H. E.  
Oakland 2 2 2  
Los Angeles 5 5 0  
Batteries—Wiggs and La Longe; Brissawalter and Orndorff.

San Francisco, May 31.—Scores were as follows:  
R. H. E.  
Portland 0 7 2  
San Francisco 5 8 0  
Batteries—Harkness and Armbruster; Eastley and Barry.

Sacramento, May 31.—Scores were as follows:  
R. H. E.  
Vernon 3 9 2  
Sacramento 5 3 2  
Batteries—Hitt and Kinkaid; Brown and Byrnes.

NATIONAL.  
Pittsburg, May 31.—Scores were as follows:  
R. H. E.  
Pittsburg 2 3 0  
St. Louis 2 9 3  
Batteries—Adams and Gibson; Rhoades and Phelps.

Boston, May 31.—Scores were as follows:  
R. H. E.  
Boston 3 4 1  
Brooklyn 3 4 1  
Batteries—White, Lindaman and Bowerman; Rucker and Bergen.

Cincinnati, May 31.—Eleven innings.  
Scores were as follows:  
R. H. E.  
Cincinnati 2 8 4  
Chicago 3 9 4  
Batteries—Campbell, Ewing and McLeary; Reulbach and Moran.

New York, May 31.—Scores were as follows:  
R. H. E.  
Philadelphia 4 6 4  
New York 5 7 1  
Batteries—Moore, Covalski, Moran and Dooin; Mathewson and Meyers.

AMERICAN.  
Washington, May 31.—Scores were as follows:  
First Game.  
R. H. E.  
New York 1 4 0  
Washington 0 10 1  
Batteries—Brockett and Kleins; Gray and Street.

Second Game.  
R. H. E.  
Washington 8 10 1  
New York 1 4 2  
Batteries—Gray and Street; Brockett, Chesbro and Blair.

Philadelphia, May 31.—Scores were as follows:  
R. H. E.  
Boston 2 2 0  
Philadelphia 1 2 1  
Batteries—Morgan and Spencer; Coombs and Thomas.

Chicago, May 31.—Scores were as follows:  
R. H. E.  
Chicago 7 12 5  
Detroit 7 10 5  
Batteries—Scott, Flene and Payne; Speer, Willets and Schmidt.

Game called in 5th to allow Detroit to catch train.  
Cleveland, May 31.—Scores were as follows:  
R. H. E.  
Cleveland 5 9 2  
St. Louis 5 11 2  
Batteries—Joss and Easterly; Dippen, Graham, Bales and Criger and Smith.

EASTERN.  
Rochester, May 31.—Scores were as follows:  
R. H. E.  
Rochester 2 3 2  
Montreal 0 0 0  
Jersey City, May 31.—Scores were as follows:  
R. H. E.  
Newark 5 6 1  
Jersey City 3 6 1  
Providence, May 31.—Scores were as follows:  
R. H. E.  
Providence 5 11 6  
Baltimore 2 12 4  
Buffalo, May 31.—Scores were as follows:  
R. H. E.  
Toronto 3 4 4  
Buffalo 4 6 2  
Batteries—Kellough and Vandergrift; Melarkey and Ryan.

Afternoon Games.  
Rochester, May 31.—Scores were as follows:  
R. H. E.  
Montreal 3 8 6  
Rochester 8 15 2  
Batteries—Rogers and Stangley; Hefley and Butler.

Jersey City, May 31.—Scores were as follows:  
R. H. E.  
Newark 5 8 0  
Jersey City 3 8 0  
Batteries—Muller and Lapp; Ford and Knott.

Providence, May 31.—Scores were as follows:  
R. H. E.  
Baltimore 12 14 2  
Providence 2 1 8  
Batteries—Pfeffer and Byers; Lafayette and Fitzgerald.

Buffalo, May 31.—Scores were as follows:  
R. H. E.  
Toronto 3 4 4  
Buffalo 4 6 2  
Batteries—Kellough and Vandergrift; Melarkey and Ryan.

## BASEBALL TEAMS PLAY 26 INNINGS

(Times Leased Wire.)  
Bloomington, Ill., June 1.—Bloomington and Decatur, of the Three "I" league, yesterday broke the world's professional record for long baseball games, going 26 innings, Decatur winning, 2 to 1. The grounds were muddy and slippery, but the fielding on both sides was sensational. The actual playing time was 4 hours and 20 minutes. Scores were as follows:  
R. H. E.  
Bloomington 1 13 1  
Decatur 2 11 2  
Batteries—Clark and Langdon; Burns and Fisher.

## LONDON AT THE MERCY OF AEROPLANES

### Writer in Century Magazine Shows What Havoc Might Be Wrought.

T. C. Tulloch in the Nineteenth Century deals with the "Aerial Peril." He draws a lucid picture of London's unpreparedness in the face of the present and prospective progress in the science of aviation.

"Consider the Thames from, say, Hammersmith bridge down to below Gravesend," he writes. "Every day within this space of about fifty miles lie, either in dock or stream, many thousands of merchant vessels of every sort, size and description, from ocean liners to 'dumb' barges, whilst the river's banks are honeycombed with wharves, docks, canals, and basins, round which are grouped millions of pounds' worth of factories, warehouses, stores, gasworks, oil stores, etc., etc.; and last, but certainly not least, there is Woolwich Arsenal, containing the Royal gun and carriage factories and the Royal laboratory, forming one of the chief sources of supply of warlike material for the Empire. The latter department alone is practically the only place in the United Kingdom where the cartridges for our navy are made up, without which our Dreadnoughts are useless. Hard by lies the Royal torpedo factory, and not far off are the huge magazines containing hundreds of tons of cordite and other warlike explosives. And yet with these millions of pounds' worth of civil property and vital supplies of warlike materials, all of which are singularly susceptible to destruction by fire, there is not one single fort or defensive work from London to Gravesend except the solitary Elizabethan Tilbury fort, of revered Elizabethan memory. The supposition is, of course, that the forts at Sheerness and in the vicinity thereto would suffice to keep an enemy's marine fleet out of the Thames. But suppose they came via the air—in aerial machines, what then? This whole fifty miles of concentrated emergency of Empire lies at the absolute mercy of even a single airship or aerial machine which could plant a dozen incendiary missiles in certain pre-selected spots, but I would guarantee that, given a certain wind and certain incendiary missiles, I could undertake to have the whole riverside, including ships, wharves, warehouses, and the arsenal in a blaze in a very short time."

"Once a certain number of selected centres were alight at about the same time, not all the powers of the London fire brigade, nor any number of fire brigades, could deal with such a conflagration; and with an easterly wind (which is just the most favorable for an attack by airships coming from certain parts of the continent) and a rising tide, the smoke and sparks and burning ships carried up the Thames would soon render the principal portion of London untenable and eventually engulf it. In the general holocaust any one who has been to a fairly big fire well knows how practically the whole of the available strength of the fire brigade is sometimes concentrated on one pile of buildings alone in an attempt to isolate the fire. What would be the result if say even only a dozen fires were well started upwind at spots which had been specially selected from a previous knowledge of their susceptibility to combustion, their effect on the subsequent spread of the fire, and by reason of their position being such as to hamper the concentration of fire engines whether afloat or ashore?"

"Suppose, for the sake of example, there existed, on the banks of the lower Thames, stores containing many hundreds of thousands of gallons of oil, and that an Irish carrying a small well-armed crew descended upon this store in the early hours of the morning, blew holes in the huge oil containers, which, like gas-holders, thus allowing the contents to flow into the Thames. A single match does the rest, and there we have, with a rising tide, a river of flame from bank to bank (oil spreads very quickly and burns, floating, on top of water), surging up through the commercial heart of London, devouring everything that comes in its path, ships, wharves, warehouses, stores, etc. In a few hours the most important part of London is a furnace. Of what avail then, even at the start, would be the fire brigade? Nothing could stop such a fire, all caused by a party of fearless, resolute men with the help of an airship and one match. The brain reels at the thought of the awful destruction which could thus simply be brought about. There are many other ways of attaining the same object which the reader can himself suggest, all rendered easy by aerial machines."

"Think of the loss of human lives, apart from the ruin of our commerce, which would ensue. It is difficult enough even now to get away from

## Why Chestnut Motor Canoes

Cannot Sink—Cannot Upset

Chestnut Motor Canoes have Patent Air Chambers in both sides, like Life Boats. They won't tip, even if you sit on the edge—must float, regardless of weight carried—they cannot sink, even if filled with water.

**Chestnut Motor Canoes**  
are staunchly built with strong, rigid, perfect New Brunswick Cedar wide ribs, and Cedar lining. Ribs are close together; the canoe is double-built, insuring enormous strength.

Entire framework covered with one seamless sheet of specially-woven Canvas. Canvas is coated with special Water-proof preparation, which fills up Canvas-Pores and dries as hard as flint, insuring dryness and tightness under any conditions. Will not cake or dry out. No fear of chafing sides against rough objects—they are entirely protected by hardwood "Rubbing Strips." Chestnut Motor Canoes are double-built, are light, yet very strong and speedy. Comfortable, roomy, clean, safe and handsomely finished—an ideal family Motor Canoe. The pleasure derived the first season easily overcomes the thought of small cost of famous Chestnut Motor Canoes.

**FREE**—of Chestnut Canoes—its interesting Chestnut Canoe Co., Ltd., Fredericton, N.B., Box 437

HOWELL & SELFE, Local Agents, 1314 Wharf Street.  
Stock always on hand. Call or Phone 1750

## SHOE POLISH

is a Leather Food. It's made of pure oils—absolutely free of acids and turpentine. "2 in 1" softens the leather—prevents leather from cracking—makes shoes last longer. "2 in 1" won't stain the clothes or catch the dust.

It's quickest and most lasting. An Ideal Home Shine.

No substitute even has good.  
10c. and 25c. Tins

London during a holiday time when there are crowds at a station; but try to imagine London ablaze and everyone trying to escape!

"It is needless further to press the point I wish to make by piling up horrors. This point is that by destroying the heart the other members will cease to function, for it is inconceivable that with such a chaotic state as would follow the destruction of London, any coherent direction of affairs, either official or commercial, could continue. The seat of government might doubtless be removed to another town, but with the destruction of the London banks and of all postal and telegraphic communication it would be impossible to 'carry on.' Even suppose the seat of government removed to another town, a similar state of affairs might be brought about there by a few bold aeronauts. It is quite possible to paralyze this country by other means than by causing a fire of London, but I do not propose to 'give the show away' by saying how it can be done. I have no hesitation in stating that it would be quite possible by secondary means to render both the navy and army powerless in a very short space of time with half a dozen airships acting under a certain plan. I am not romancing, and I make the above statement in all seriousness."

—The Victoria Y. M. C. A. will be represented at the Duncan athletic meeting on Saturday by B. Vale, Ray Brewster, George Dickson and H. Beasley. Vale will run in the one hundred yards race, and in the 220 hurdles. Brewster and H. Beasley will also be competitors over the 100 yards distance, while Dickson is entered for the mile race. Sproule may go also, but his entry is not definitely determined on.

—To Seattle, fast S. S. "Troquois" leaves daily at 9 a. m.

## GRADING THE CIVIC SERVICE

ALD. BISHOP'S BY-LAW  
NOW BEFORE COUNCIL

Motor Fire Engines—Typical  
Delays in City Business—  
Cook Street.

At last night's council meeting Ald. Henderson presided and got business through quickly. Ald. Bishop introduced his by-law dealing with the civic service, grading and classifying it and providing as to salaries and increases. He moved that a committee be appointed to take the matter up with the heads of the departments and bring in a report to council. The city was growing there would be a large number of new employees needed, and it was well that they should be given a definite standing, and the question of increases made clear. If his by-law was put through it would be a benefit both to the employees and to the city.

The matter was referred to a committee consisting of Ald. Bishop, Turner and Stewart, who will report to council.

**Fire Brigade Matters.**  
The recommendation of the fire wardens that fire hydrants be placed at various points where needed was adopted. The points selected are: Rockland avenue, between Moss street and Pemberton road; Pemberton road, between Fort street and Rockland avenue; St. Charles street, between Fort street and Rockland avenue; Bat-

tery street and Dallas road, and Stanley avenue and Pandora avenue. Four more hydrants will be placed in positions to be later decided on.

For the balance of the year the city veterinary work will be divided between Dr. Hamilton and Dr. Richards, the former to have charge of the horses of the fire brigade, the latter to take charge of all other horses belonging to the city.

Ald. Stewart favored a motor fire engine and moved that in calling for tenders for a new 700-gallon engine tenders be asked for a motor-driven engine as well as a horse-drawn one.

This was decided on, although Ald. Hunter thought the city had better put its streets in shape first.

The contract for rubber boots for the fire department was awarded to McCandless Bros., who tendered at \$5.50 a pair. By some error the tender of the Vancouver Rubber Company, at \$5.60 a pair, had been accepted, but the local firm pointed out that the boots they offered at ten cents less were precisely the same quality.

**Streets Report.**  
The report of the streets, bridges and sewers committee was adopted as follows:

1. Recommended that the purchasing agent be instructed to call for tenders for the work of paving Wharf street from Johnson street to Government street, with vitrified brick, in accordance with specifications for the work to be furnished by the city engineer.

2. Recommended that the Saanich municipality be informed that it is the council's intention to drain a certain portion of Alpha street, at a point where surface water enters the city from the Saanich municipality, and are willing to have said drain constructed deep enough to carry off the surface water entering the city at that point, provided the municipality will contribute the extra cost involved, which has been estimated at \$250.

3. Recommended that the matter of deciding upon the quality of pavement best adapted to each particular street

in the city, be left with the city engineer.

Just after the streets committee report had been adopted Ald. Mable moved that as the work of macadamizing Cook street was to go on, the engineer be asked to make a supplementary report on the extra cost of a layer of tar macadam for the top.

Ald. Turner thought this was out of order, since the whole matter of paving had been left in the hands of the engineer.

The motion was lost by six to four.

**Protracted Delays.**

Ald. Bishop complained that although an application of \$20 had been made for a float in James Bay at the causeway steps, and the boating season was in full swing, nothing had been done. For Victoria day someone lent a float, but this had been taken away. And what about the fountain at Government and Douglas? It was now six weeks since a report had been brought in, and the residents were willing to pay for the work.

Ald. Hunter suggested that these matters ought to go to the cemetery committee and be decently buried. It was a sample of the way things were done in this city. It was now four months since the matter of the fountain had been brought up.

The engineer will be asked to have a report ready on both these matters for Friday night.

**The Loan By-laws.**

The report of the vote on the three loan by-laws was received, and W. W. Saunders was thanked by resolution for the very efficient manner in which he had acted as returning officer on that occasion.

On the request of W. H. Pennock the sanitary inspector reported that he saw no reason why the time limit for the carriage of swill through the city should not be advanced to 7 a.m. The by-law will be altered accordingly and meanwhile the new hour will be in force.

The three loan by-laws were recon-

sidered, adopted and finally passed. Local improvement by-laws adopted were: Grading and macadamizing Fernwood road, from Fort street to Edmonton road, with permanent sidewalks on both sides; grading, macadamizing and draining Belmont avenue, between Pembroke street and Pandora avenue, with permanent sidewalks, curbs, gutters and boulevards on both sides; the total cost being \$33,270.22; permanent sidewalks on both sides of Boyd street, from Niagara street to Dallas road; permanent sidewalks on the south side of Toronto street, from Government street to Menzies street, and on the north side from Menzies street to Beacon Hill park, with the grading, macadamizing and draining of the roadway from Menzies street to the park, costing in all \$13,314.84.

**Trip to Seattle.**

The United Commercial Travellers' Association, senior council, asked the council to join them on June 11th, B. C. day at the A. Y. P., on a joint excursion with the Vancouver travellers, who will be accompanied by the city council of that city. The council was asked to donate \$250 towards keeping Victoria's end up. This was referred to the finance committee for favorable consideration. Charles F. Gardiner, Victoria, and J. Burnett, Vancouver, waited on council before the meeting to urge a grant.

Adjutant Blows, Salvation Army, asked for a reply to the Army's request for a grant in aid of its work, and said \$100 would be very welcome. The matter was referred, for favorable consideration, to the finance committee.

A permit will be granted to J. R. Saunders for a stable on Pembroke street.

The municipality of South Saanich intimated its willingness to pay for any patients brought in to the isolation hospital.

## RECORD MADE IN MAY BUILDINGS

Month Just Closed Shows the Largest Returns of Department.

The total building permits issued for May, which closed yesterday, amounted to \$188,620, establishing a record for the history of Victoria, and being ahead of last month by \$500. The total of the month was swelled yesterday to record proportions by the issue of \$25,650 in permits to Watson & McGregor for their new store on Johnson street to cost \$8,000, for alterations and additions on the Masonic Temple, Esquard and Douglas streets, to cost \$15,000, to W. C. Holt for a dwelling on Burnside road to cost \$1,850, and to John Smithhurst for a dwelling on Graham street to cost \$800.

The building permits for the year to date amount to \$229,030, as against \$146,720 for the first five months of last year. From present indications on buildings that are being planned in the city limits for which permits will be taken out during the year, the returns for 1909 will be the biggest in the city's history. A comparative table of building statistics for the first five months of this and last year is as follows:

Month	1909	1908
January	\$37,140	\$54,720
February	121,620	75,310
March	121,620	110,200
April	188,620	128,125
May	188,620	79,720
Total, 5 months	\$229,030	\$448,720

The turtle is a species of tortoise, and is found in all the seas of tropical or semi-tropical latitudes, but the "soup" is made of the "green" turtle, which is from six to seven feet long, and weighs from fifty to sixty stone. The "tortoise-shell" of commerce is from the "hawks-bill" turtle.

## MORE TROUBLE AT VICTORIA THEATRE

Stage Hands Arrested at Instigation of Sheriff Richards.

Edward North and J. W. Mathers, stage hands at the Victoria theatre, where the Gardiner stock company are performing, appeared in the police court this morning charged with interfering with an officer of the court while in the performance of his duty. They were defended by Richard Love, who in asking for a remand complained to the magistrate that his clients had been "ruthlessly cast into the dungeon" last night without any charge having been made against them at that time. The case was remanded till

to-morrow morning. The solicitor for the defence desired to make an acknowledgment of appreciation of the facilities offered by the magistrate to give the man bail. The city prosecutor, H. W. R. Moore, said he also desired a remand as the prosecutor, Sheriff Richards, desired to take a legal opinion as to whether the matter could not be better brought before the Supreme court in conjunction with the action of the Gardiner stock company, now pending.

The cause of complaint is that last night when the company were about to open in the comedy, "A Night Off," the stage hands asked for their pay on the ground that there was an arrangement with the sheriff that they were to be paid in advance. The first act had been set, and the stage hands when refused their pay until the end of the performance commenced to take it down. They were then given into custody by the sheriff.

The men say they offered no interference with any one, but simply refused to work without pay.

They are on \$100 cash bail each.

# Announcement--Second Sale of Prince Rupert Lots

## Victoria, British Columbia, June Third and Fourth

The world has set the seal of its approval on the city of Prince Rupert. Buyers from two continents, men with breadth of judgment, keen discernment and financial experience have bought and bought largely in the new terminal city of the Pacific Slope.

The close of the sale in Vancouver saw the total amount of purchases climbing toward the million and a quarter mark—a further proof, if more were needed, of the faith of the people in the city of Prince Rupert. Lots in all sections of the city sold well. Some have already changed hands at advanced prices. The interest in the sale never slackens and the second sale will be watched as eagerly as the first.

AT VICTORIA, B. C., ON JUNE 3RD AND 4TH THE SECOND SALE WILL BE HELD. Five hundred choice lots will be offered. These comprise the following:

## Government of B. C. Lots to Be Sold at Victoria, June 3rd and 4th, 1909

## MAKURA FROM AUSTRALIA

EVERY BERTH FILLED  
WITH PASSENGERS

Fast Trip Made—Calls at Fiji and Hawaiian Islands.

After a fine run northeast from Australia and calling at Suva and Honolulu en route the Canadian Australian liner Makura arrived in port early this morning with 500 passengers aboard, every berth being filled. Besides the general manager of the Union Steamship Company and his family there were on board Captain H. A. S. Fyler of H. M. S. Encounter, who is on his way to England; Admiral Cooper of the German steamship Leipzig, who is returning to the Fatherland from the Samoan station; C. Leder, an American comedian from Fanning Island; H. E. Baldwin, an Australian millionaire; Miss Butler of Esquimaux, who is returning from a visit to Honolulu, and a large number of through passengers bound to England and the United States.

When the vessel arrived at quarantine it was found that two of the children aboard had what looked like mild cases of chickenpox. In order to make quite sure, however, Dr. Watt decided to detain them at the station for a day or two until they have recovered. The children's names are Truscott and Green. Mr. and Mrs. Truscott and two other children are remaining with their little one and Mrs. Green with her child, thus making seven temporary visitors at the station.

In cargo the steamer brought a quantity of meat, seeds, pineapples, coconuts, an automobile and sundries, the greater part of which will be discharged at Vancouver. There was 1131 tons in all.

The following is the passenger list that landed here: Misses E. Bullen, N. Maxwell, E. Rose, L. Octavia, A. O'Hanlon, C. Seccombe, J. Moreton, E. Vennings, L. Findlay, H. de Vane, Messrs. A. S. King, M. L. Hudson, E. McNeill, E. Rayner, A. Moore, Caldwell, Norris, Denman (G.), Ladd, Douglas, Bond and five children, Smith, Park, Lewis and child, F. Waite, E. Revere; Messrs. E. M. Skinner, F. J. Rayner, C. Pyne, C. P. Hopson, A. Caldwell, F. L. Ryan, P. Norris, D. Wayne, Commey, L. Denman, R. Smith, C. Ladd, F. Holmes, G. F. Douglas, R. L. Bond, H. J. Smith, W. Park, C. R. Wentz.

## SHIPPING REPORT

(By Dominion Wireless.)

Cape Lazo, June 1, Cloudy; wind southeast; bar. 29.87; temp. 56; sea smooth.

Cape Grey, June 1, 9 a. m.—Cloudy; calm; hazy seaward; bar. 29.84; temp. 55.

Tatoosh, June 1, 9 a. m.—Cloudy; wind southeast; bar. 29.95; temp. 56; sea smooth; in Makura, 9.10 a. m.; out, Olympia, 5.30; out, schooner Coma, towing, 7.35; ship Amphitrite anchored in Neah Bay.

Estevan, June 1, 9 a. m.—Raining; wind southeast; bar. 29.97; temp. 54; sea moderate; Leebro here discharging at 10.30.

Pachena, June 1, 9 a. m.—Cloudy; calm; bar. 29.88; temp. 54; light swell. Cape Lazo, June 1, noon—Cloudy; wind southeast; bar. 29.91; temp. 60; sea moderate.

Point Grey, June 1, noon—Drizzling; calm; bar. 29.89; temp. 63; hazy seaward; passed in Morning Star at 8.10.

Tatoosh, June 1, noon—Light rain; wind south; 10 miles; bar. 29.61; temp. 56; sea smooth.

Estevan, June 1, noon—Drizzling; wind southeast; bar. 29.62; temp. 54; light swell.

Pachena, June 1, noon—Rain; wind southeast; bar. 29.92; temp. 55; sea smooth.

29	11:46	2:19	11:46	2:19
30	12:00	2:06	12:00	2:06

The time used is Pacific Standard, for the 12th Meridian. It is counted from 9 to 24 hours, from midnight to midnight. The figures for height refer to high water from low water. The height is in feet and tenths of a foot, above the average level of the lowest low water in each month of the year. This level is half a foot lower than the datum to which the sounding on the Admiralty chart of Victoria harbor are reduced.

## ADMIRAL KINGSMILL RETURNS FROM RUPT

He Will Report to Government on Possibilities of Naval Defence.

Admiral Kingsmill, head of the fisheries protection service of Canada, returned yesterday afternoon from Prince Rupert on the fisheries cruiser Kestral. When interviewed by a Times reporter yesterday, just after his arrival, the admiral said that he made the trip to Prince Rupert on business connected with the government and that incidentally he was asked to take a glance at the possibilities of the harbor from the point of view of a naval officer. He spent ten hours in the city of Prince Rupert, the engineers having made all the plans and papers that were wanted.

"I am not a military man," said the admiral, "so it would not be reasonable for me to plan a defence scheme. In that respect the rumor regarding my visit is incorrect. I simply took an incidental look at the place from a naval point of view."

While up there visits were made to Butcher Cove and Refuge Bay, and these points, it was understood, were included in the casual survey made. The Kestral made an unusually fast run, arriving before she was expected.

## FEW BRITISHERS ON BRITISH SHIPS

Large Percentage of Seamen Are Scandinavians or Their Neighbors.

The old-fashioned British seaman is becoming a thing of the past. At the present time very few Britishers ship on deep sea boats, and every year the number is becoming less. Their places are being taken on the British ships by Norwegians, Swedes, Finlanders, Germans, and people from many other nations, but the Britisher seems to incline more to the steamship, particularly the coaster.

Yesterday the ship Procyon left for South America with a cargo of lumber which she took on at Vancouver. She left that city without a crew and came over here and picked up thirteen men who were sent over for her from Port Townsend. Of the thirteen only one was British, the others being Swedes, Norwegians, Finlanders, Germans, and two Americans. This is a common occurrence on this coast, nearly every ship that goes out carries no larger percentage of British seamen than did the Procyon.

## SAD ACCIDENT AT IKEDA MINE

J. Marco, Manager for the Company, Suffocated by Afterdamp.

One of those tragedies which so often sadden the life of the mining camps occurred at Ikeda shortly before the arrival of the steamer Amur in that port. J. Marco, manager of the Japanese mine at that place, was the victim of an accident which so far as can be gathered was the result of insufficient care. A shot had been fired in the ordinary course of the mining operations, and the manager entered the part of the mine before the gas had cleared away. He was suffocated by the afterdamp and a short time after was carried out of the mine a corpse.

The funeral took place just before the Amur left, and Mrs. Marco and child came down on the boat bound for her people's home in the state of Washington. Needless to say the people at Ikeda were much upset over the tragedy. Mr. Marco had been in charge of the mines since they were opened a few years ago, and enjoyed the confidence both of his employers and everyone with whom he had dealings.

## WEATHER BULLETIN.

Daily Report furnished by the Victoria Meteorological Department.

Victoria, June 1—5 a. m.—The barometer has fallen on the Vancouver Island coast, and showers are likely to occur both here and on the Lower Mainland. The weather has been fair from this coast and to Manitoba, with moderate warm in the prairie provinces.

Forecasts.

For 24 hours ending 5 p. m. Wednesday.

Victoria and vicinity—Light to moderate winds, mostly cloudy with showers.

Lower Mainland—Light to moderate winds, mostly cloudy with showers.

Reports.

Victoria—Barometer, 29.95; temperature, 52; minimum, 51; wind, calm; weather, cloudy.

New Westminster—Barometer, 29.96; temperature, 52; minimum, 52; wind, calm; weather, cloudy.

Kamloops—Barometer, 30.14; temperature, 53; minimum, 50; wind, calm; weather, cloudy.

Edmonton—Barometer, 30.12; temperature, 50; minimum, 49; wind, 8 miles S.; weather, part cloudy.

## ENDS LIFE BY SHOOTING.

Winnipeg, June 1—James Aspinall, late of the N.W.M.P., committed suicide by shooting himself in the mouth with a Winchester rifle at the farm of W. H. Hoodney. No cause is assigned for the deed.

## LARGE STEAMERS REMAINING ON

C. HOLDWORTH IS PASSENGER ON MAKURA

Union Company Does Not Intend to Take Off Vessels.

C. Holdworth, general manager of the Union Steamship Company of Australia, the firm that owns the Makura and other Australian steamers plying to this port, arrived on the Australian liner this morning with his wife and family en route to England. He did not stop off here but went on direct to Vancouver and is going through on the C.P.R.

When seen on board the Makura this morning Mr. Holdworth was interested to learn that the subsidy to his company was likely to be renewed but expressed the opinion that its being for one year only did not give much encouragement to put on any more steamers of the Makura type. "This boat," said he, "is simply an experiment and it is too early to say whether any more of her class will be put on or not."

"Is there any truth in the rumor that this steamer will be taken off the route?" was asked.

"No, it is not our intention to take the large steamers off," was the reply. "We have been operating on this run for a number of years and we hope to remain on it and keep the service up to the standard. No, we do not expect to take the large steamers off."

Continuing, Mr. Holdworth said that his visit at this time had no special significance. He was simply on a pleasure trip with his family and had nothing to say worthy of note. He expressed a keen interest in the news of the world, of which he had heard nothing for some time, and chatted on all sorts of subjects except the ones relating to the business of his firm.

While Mr. Holdworth would not discuss the matter, it was common talk on board the steamer that he was bound to London for the purpose of discussing the affairs of the company, particularly in relation to the Canadian-Australian line with the English members of his firm, and also to take up with the shipbuilders the matter of further construction work. While the attitude of the government in Australia has not been favorable to trade between Canada and that country, it is said that the policy they are adopting does not represent the views of the majority of the people, and that as soon as they have an opportunity to express themselves a change will be made. It takes a long time to build big steamers and the Union Steamship Company want to be ready to take advantage of the travel which is bound to accrue from the opening up of both countries, and especially from the present railway policy of the Dominion Government.

There has been, according to the same authority, a set back in the trade development between Canada and Australia, but this is only temporary, and with the improvement of the Canadian finances, the building of the national transcontinental railway, and the natural desire of Canadians to find an outlet for their products, big steamships will be needed and it is not improbable that these will be laid down in the near future for the Union Steamship Company.

## STRIKE OF GOLD ON QUEEN CHARLOTTE'S

Stampede Reported to West Coast of Moresby Island.

Steamer Amur, which arrived from the Queen Charlotte Islands this morning, brought word of a stampede from the other parts of the islands to the west coast of Moresby Island where a rich strike of gold has been made. Hundreds of prospectors went into the islands early this spring encouraged by the prospects, and it has been expected that something would be heard from them in the near future. Apparently the strike has come quicker than was expected. There are no definite particulars of the new find to hand, but the reports brought by the Amur indicate that it is far richer than anything found in the islands heretofore.

The Amur brought south over sixty passengers, among them being Manager Perry of the Pacific Coast Fishing Company, mention of which has been made before. The new wharf is now under construction at Selwyn inlet and the buildings are under way. The manager is down for supplies and men, and these will be taken by the Amur when she leaves to-morrow night.

## BOOKS STILL MISSING.

Directors Unable to Locate Records of United Copper Company.

New York, June 1—Despite the efforts of the investigators, it is said today that there have been no further developments in the search for the missing books of the United Copper Company. Up to a late hour to-day the directors of the company were at a loss to discover a means by which they might purge themselves of contempt, when they appeared before Judge Lacombe in the United States court.

Iroquois leaves here for Seattle at 9 a. m., arriving at Seattle at 2; returning, leaves Seattle at midnight, arriving here at 6 a. m.

PANTAGES THEATRE.

Wright Bros. Aerial Flight Shown by Moving Pictures This Week.

Any who take an interest in the development of the airship should not miss a chance to see the motion scene at Pantages reproducing the Wright Bros. marvellous aerial flights during the recent world's contest. Few people dream that this great problem is so nearly solved as this picture proves.

Real music of the best kind such as William Tell, Quartette Rigoletto, Sextette Lucia, etc., is on the programme of the great Naples-Saxophone Quartette. These four Italians are true musicians and appeal to all with a musical recital that is seldom equalled.

Wayne, the Wizard, assisted by Adele in a mystifying magical act and also introducing and bewildering the audience with the great trunk mystery, is an especially pleasing attraction, while Rooney & Richards furnish much amusement in their comedy play, "The First Quarrel." Dainty Irene sings entertainingly, while the regular house attractions of picture song and moving pictures complete a good show.

## SOCIAL AND PERSONAL

Hon. R. G. Tatlow left last night for Vancouver.

Miss C. Noye, of Ladysmith, is holidaying here.

Mr. and Mrs. Cooper, North Saanich, are in town.

Miss Bullen returned on the Makura from Honolulu.

Mr. and Mrs. William Morrison, Atlin, are in town.

Mr. and Mrs. Ellis left last evening on a trip into the interior.

Mr. and Mrs. Haynes were passengers last night for Vancouver.

Miss Leigh Spencer expects to leave for the Okanagan on Saturday.

Mrs. E. B. McKay, 617 Douglas street, will not receive again until September.

Mr. and Mrs. Colin Stone, of Australia, are spending some time in Victoria.

Miss Gertrude Ploemy, of Winnipeg, is listed among the latest arrivals.

Major Audain and family expect to leave on Saturday for the Okanagan Valley.

Mrs. J. S. Gordon returned on Saturday from a visit to her sister in Vancouver.

Mrs. J. O. Perry will not receive on Thursday, 3rd June, nor again this summer.

Mrs. A. McKeown, 1305 Yates street, will not receive during the summer months.

Mr. and Mrs. W. B. Garrard left today for Alberni. They expect to return on Saturday.

Among our local visitors is Mr. Geo. Weeks, of Cobble Hill. He is registered at the Empress.

Mrs. C. McMillan, Cook street, will receive the second and fourth Tuesdays of this month.

N. Andrews, of the local staff of the Bank of Commerce, left last night on a visit to Kamloops.

Mrs. Plummerfelt and Mr. and Mrs. Albany Ritchie have left town to spend a month in the country.

Mr. and Mrs. Singleton Wise left yesterday for Saanich after spending the week-end at the Empress.

Miss A. Muir and Miss Maud Villiers, of Barrie, who are touring the coast cities, are in Victoria at present.

Mrs. N. C. Reynard, Foul Bay road, will receive on Thursday as usual, and not again until the first Thursday in October.

A. L. Beal, the San Francisco racing man, is at the Dominion hotel for the races. He is accompanied by Mrs. and Miss Beal.

Mrs. William Beaton, Winnipeg, is a recent arrival in town. She will remain for some time, and is staying at the Dominion.

Mrs. (Rev.) T. E. Helling is enjoying a visit from her father, J. S. Crawford, Dominion immigration agent at Kansas City, Mo.

Mrs. J. O. Turnbull, Pandora avenue, and Mrs. C. C. Johns, Blanchard avenue, will not receive after this month till September.

Capt. Elliston, North Quadra street, is enjoying a visit from Miss M. Elliston, Pelestone, Eng., who arrived in town recently.

Mrs. W. G. Goodwin, of 1259 Fort street, will not be at home on Tuesday evenings until the second Tuesday in September.

The Earl of Glenwilliam, accompanied by Lady Glenwilliam, is in the city. He will engage in a fishing expedition up the island.

Mr. and Mrs. Charles R. Bishop left yesterday afternoon on route for New York and other eastern points. They expect to remain two months.

Mrs. Warren Rockland avenue, is enjoying a visit from her sister, Miss Mabel Gilmore, of Toronto, who will make an extended stay in town.

Erastus Brainerd, managing editor of the Seattle P.-I., is a guest at the Empress. He arrived in Victoria yesterday, and is accompanied by his daughter.

Mrs. W. Fraser, Phoenix Place, left on Saturday for Armstrong, B. C., to attend the marriage of her sister, Miss Schubert. Her daughter, Miss Fraser, accompanied her.

Miss Estelle Herbert has accepted the position of assistant matron of the Van Anda hospital on Texada Island, and left last night on route for her new field of work.

H. J. Henderson, son of Alderman Henderson, has successfully completed a three-year course at the North Pacific College of Dentistry at Portland, Ore. Mr. Henderson is at present in the city visiting his old home.

A marriage of interest to a number in Victoria took place in Toronto a week ago when George S. F. Jaquith and Mrs. Jessie B. Biding were joined in wedlock. Mr. Jaquith is known as the representative of Brown Bros. They will take up their home in Orillia.

The marriage took place yesterday forenoon at St. Andrew's manse, Government street, of William Henry and Mary Poppey, both of Seattle. Rev. Leslie Clay officiating. Mr. Clay also solemnized in the afternoon the marriage of John Wesley Phillips and Mrs. Martha Ann Thomas, of Seattle. The latter couple were attended by Mr. and Mrs. E. K. Campbell, of Seattle.

With Harp Obligato.  
Song—Bright Star of Love... Robanti  
With Viola Obligato.  
Selection—Faust... Gounod  
Orchestra.  
Cello Solo—Gavotte No. 2 in D... Popper  
Master Willie Mittelstadt.  
Song—Ble Me to... D'Harlot  
With Violin Obligato.  
H. A. Bell.  
Cornet Duet—Lucia Di Lammermoor... Donizetti  
Master H. Mittelstadt, Mr. Roy Fredette.  
Duet for Two Pianos—Marche Heroique... Op. 31... Saint-Saens  
Miss Nancy Harrison, Miss Annie Mittelstadt.  
Part II.  
Symphony—in D No. 2, Adagio and Allegro... Haydn  
Orchestra.  
Song—Lullaby of the Night... P. A. Brackett  
Miss E. Budd.  
Trio—Cavaleria Rusticana... Mascagni  
Violin, Miss Beryl Moss; Cello, Miss Nancy Harrison; Piano, Miss Annie Mittelstadt.  
Overture—Mirella... Gounod  
Orchestra.  
Violin Solo—Tango... Pablo Sarasate  
Selection—Chymes of Corneville... Planquette  
Orchestra.  
Song—When We're Together... Emerson-James  
With Violin Obligato.  
H. A. Bell.  
Waltz—Till We Meet Again... Bailey  
Orchestra.

## PROVIDING DINING CARS.

Northern Pacific Has Systematized the Work for Its Line.

In connection with its new summer train service the Northern Pacific announces new and special facilities for providing caddies to its dining cars. A fifty-two acre poultry farm at Kent, Washington (12 miles east of Seattle) and within sight of the water, with a brood of 11,000 White Leghorn chickens providing an average of 150 dozen eggs per day, is the source of supply of this product. The eggs are stamped with date of laying.

The company also operates in Seattle three large bakery ovens with a maximum capacity of 2,400 two-pound loaves per day. All of this bread is wrapped in tissue paper. From these bakeries also come the French pastries, cakes, pies, and ice-cream served on Northern Pacific dining cars.

The butter used is from the Yakima valley creamery, and is encased in four wrappings of oiled paper to preserve it from contamination. It is unsalted and the Northern Pacific is the first road in the country to serve this kind of butter. The Northern Pacific is said to be the only road serving milk individually in bottles and whipped cream for coffee.

## PRESENTATION TO

MRS. S. J. THOMPSON

W. C. T. U. Members Take  
Formal Farewell of  
Prominent Worker.

A very pleasant social function took place yesterday afternoon at the home of Mrs. Williscroft, School street, when the members of the W. C. T. U. met there at the invitation of Mrs. Williscroft, to meet their late president, Mrs. Rev. S. Thompson, socially, and say good-bye.

An informal musical programme was rendered by Mrs. Reid and Miss Williscroft, and Mrs. Andrews, on behalf of the W. C. T. U., read to Mrs. Thompson the following address:

"Dear Mrs. Thompson: There has been delegated to me the pleasant duty of conveying to you the deep appreciation of the officers and members of Victoria Union for your valuable and oftentimes self-sacrificing service during your terms of office, first as vice-president and later as president of the union.

"We feel assured that yours was a labor of love, that you have labored with no desire for words of praise or commendation from us, but for love of Him of whom you can say with one of our old hymns, 'I am and whose I serve.' While we realize this we still feel that it is sweet to know that your efforts for the cause of right are appreciated. We wish you to carry with you as you go from us pleasant memories and the assurance that your loving devotion and faithful service has been fully appreciated by those who have been associated with you in the work so dear to every white ribbon woman's heart. Someone has said that 'parting is such sweet sorrow.'

"Our hearts are filled with sadness at parting with you, yet there is great joy mingled with our sadness, for the memory of these pleasant years will remain with us and the remembrance of your kindly presence and genial leadership in our work will be to us, in years to come, as the odor of sweet incense.

"Our lives are indeed like ships that pass in the night. They meet, show a bright light, speak each other in greeting, and then pass on, each on its journey perhaps never to meet again on the shores of Time. So it is with the meeting of congenial souls.

"We rejoice that our voyage of life crossed yours, and as each of us now go on our separate ways, each to do her little part in life, we feel that to us life has been pleasanter and sweeter for our intercourse with you.

"Lo, in the harvest if others may gather sheaves from the field that in spring we have sown.

"We're only remembered by what we have done.

"Oh, when the Saviour shall make up His jewels.

"When the bright crowns of rejoicing are then will His faithful and loving disciples.

"All be remembered by what they have done."

"Please accept this gift as a token of love and appreciation from the officers and members of Victoria Union.

"Signed on behalf of the union,  
"MRS. W. W. WILLIS-CROFT,  
"Vice-president.

"BERTHA P. ANDREWS,  
"Cor. Secretary.

"ELIZABETH A. PICKARD,  
"Recording Secretary-Treas.

Victoria, May 31st, 1909.

Mrs. MacNaughton made the presentation on behalf of the W. C. T. U. of a beautifully carved and engraved silver fern jar, a dozen sterling silver teaspoons, handsomely carved and monogrammed, and a sterling silver sugar shell.

Mrs. Thompson was very much overcome, but replied in fitting and appreciative terms, saying that it was with feelings of the deepest regret that she parted from the friends with whom she had worked so long and so harmoniously. Her comfort in going to the new field, however, was the certain knowledge that the Lord had work for her to do there as well as here, but that the new friends would never cause her to forget her many warm friends in Victoria. Mrs. Thompson said she had often worked here under great difficulty, owing to her ill-health, but when she found work waiting to be done she always prayed for strength to do it, and the strength came.

Dainty refreshments were then served by the hostess, and an hour or more spent in pleasant social intercourse.

Among those present were: Mrs. Thompson, Mrs. Vay, Mrs. Veitch, Mrs. Teague, Mrs. Andrews, Mrs. Williams, Mrs. Pickard, Mrs. Dr. Ryan, Mrs. Reid, Mrs. F. Adams, Mrs. Sherwood, Mrs. Field, Mrs. Dempster, Mrs. McNaughton, Mrs. Frank, Mrs. Norman, Mrs. Hastings, Mrs. Tite, Mrs. Chapman, Miss Spencer, Mrs. Lee, Mrs. Burkholder, Mrs. Hammond, Mrs. W. H. Parsons, Mrs. Logan, Dr. Etta Denovan.

Doughnuts.—The following is a carefully tested recipe for doughnuts, or what would be more correctly called crullers: Mix a scant cupful of sugar with an egg, and a piece of butter the size of a butter nut. After carefully creaming, add a cupful of milk and two cupfuls of flour, sifted with two teaspoonfuls of baking powder, and a pinch of salt. Stir together and turn out on a mixing board. If needed, add more flour—enough to roll out. Fry in smoking hot lard. After frying drain from grease and roll them in sugar.

**SANITOL**  
FACE CREAM

Made of pure antiseptic ingredients and contains oxygen, Nature's great beautifier.

25c. a Jar

## Anty Drudge Suggests an Essay.

Fair Graduate—"My commencement essay is on 'The Indisputable Superiority of Mind over Matter.'"

Anty Drudge—"Why not make your essay about practical things: 'How Fels-Naptha Has Lightened Woman's Work.' After you are married, and have a house of your own, you will find that Fels-Naptha has done more to take the sting out of housework than anything ever invented."

The three great forward steps in woman's housework are:

The modern range in place of the old fireplace and kettle;

The sewing machine in place of laborious hand-sewing;

Fels-Naptha soap, which makes it easy to wash clothes in cool or lukewarm water, without boiling or hard rubbing.

Of these three, Fels-Naptha saves the woman more back-breaking labor, more time, more money, and does more to make life pleasanter than either of the others.

At the very first, you can see how it saves time and labor, but perhaps you'll wonder how Fels-Naptha saves money.

In two ways: First it saves the cost of coal or gas to heat water and boil the clothes.

Then the clothes last longer when washed with Fels-Naptha in cool or lukewarm water.

Their fibre isn't weakened by boiling nor strained by hard rubbing.

You can't realize just what a help Fels-Naptha is until you've tried it in your own washing.

Why not begin next washday?

Fels-Naptha easy way of washing in place of the tiresome, tedious back-breaking method.

Use it according to directions on the red and green wrapper, winter or summer.

## HOSPITAL WORK WAS DISCUSSED

### WOMEN'S AUXILIARY IN ANNUAL SESSION

#### Need of Enlarged Premises at Institution is Put Forward.

There was a large attendance at the annual meeting of the Women's Auxiliary of the Royal Jubilee hospital yesterday afternoon. The Daughters of Pity, which are a junior branch of the same society, were likewise present.

The president, Mrs. C. R. Rhodes, was in the chair. Letters were read from Mrs. Dunsmuir, Mrs. Cooper, Hon. Richard McBride, Hon. F. J. Fulton and Dr. Young, expressing regret at being unable to be present, and sympathy with the work in which the society was engaged, as well as appreciation of their efforts.

The president's report was presented as follows:

"Ladies and Gentlemen: We have now, for many years, met together at this anniversary, and it has been the pleasure and the privilege of your various presidents to take the opportunity thus afforded to review the work of the society, to lay before you all matters of present importance, to direct your attention to such conditions as need special effort and yet once again to thank you for the spirit of mutual usefulness which forms not only the happiness, but also the strength of our union.

Owing to my long absence, the year about to close seems short, but I find that in looking over the monthly report, the committee have continued their usual, consistent and faithful service, and while no extraordinary task has taxed your efforts you have stood 'shoulder to shoulder' maintaining and administering your funds, visiting, and sewing, and meeting together, volunteering cheerfully at any special call, and thus bringing another year's record to a close.

The report of the executive covers all 'honorable mention' of the work of our committee and the generous assistance of friends, but I must personally express the deep gratitude I feel towards those who again stood by us and made our second 'Hospital Day' such a splendid success. The cash received we can count and acknowledge, but it is impossible to estimate the full value of the faithful service rendered or the many kind words and looks which testified to the appreciation of the public, both for the cause itself and for the method of appeal.

The increase of our membership proves that our work is better understood and appreciated, but I must still urge our combined efforts, for the work is not for to-day alone, but always.

You all know our hospital is after all only a household on a much larger scale, and it needs continual supervision, expenditure, renovation and enlargement, if it is to maintain its efficiency.

We have arrived at a critical and anxious moment in the history of the Royal Jubilee hospital in that after twenty years of existence it needs thorough rehabilitation and greatly increased accommodation to make it adequate to the present demands, and needs of an ever-increasing population.

These matters are, of course, beyond the sphere of our special work except that our society can be so informed on the subject that we may lend all assistance possible.

I would ask all interested in this matter to attend the annual meeting of the directors of the hospital, which will be held at the end of June. It would be of the greatest assistance to the board.

of which I have the honor of being a member, if the public meetings were well attended by all old and new friends. It all took a personal interest in the vital problems which confront community life there would surely be less delay in operation and far more intelligent appreciation of and sympathy for the facts that face and the difficulties that thwart us. I plead for your earnest consideration of these matters, so that we may soon have our hospital established in such a manner as may make our work more one of being service.

I have an announcement to make which should fill our hearts with gratitude and courage. Mrs. Henry Croft has intimated to me that it is the intention of herself and sisters to give a sum of \$500 each towards the maternity fund as a memorial to their mother, the late Mrs. Dunsmuir. She suggests that this sum be donated to a small ward which can receive their special consideration in the future.

We may be deeply thankful for this present help and the example thus set may suggest to other friends the feasibility and the charity of completing and endowing such a ward.

In conclusion I thank you all for your continued friendship and co-operation, and I look forward fearlessly to the new year.

PHILIP B. RHODES, President.

Mrs. Hasell read the report of the executive, which was in part as follows:

"Your executive committee have held eight regular meetings during the past year, with a good average attendance, and have continued the general supervision over the many requirements and comforts at the hospital, in the departments allotted to our care. A special meeting was also held by the invitation of Mrs. F. W. Jones when the annual canvassing for membership fees and donations was discussed, and a better distribution of districts arranged. The following members kindly volunteered for work on this committee: Mrs. Fleming, Mrs. R. H. Swinerton, Mrs. Jones, Mrs. (Col.) Wolfenden, Mrs. C. S. Baxter, Mrs. Rismuller, Mrs. Richard Jones, Mrs. H. Crane, Miss N. Newcombe. This branch of our service is particularly urgent, and as the city continues to grow, new districts open up, and our membership should, and would, increase in due proportion, if only the ground were systematically covered. As it is we cannot praise too highly the work of the little band who year after year have loyally fulfilled their duty. The sewing committee, Mrs. John Watson convener, met from October until April, only interrupted by the Christmas holidays, and the severe weather which intervened in January, and completed a number of necessary articles for the use and comfort of patients.

The custom of holding an annual hospital ball was revived this winter, and in spite of the inclement weather proved a success, both socially and financially. The many friends who braved the elements and severe cold to give their support to the occasion received the hearty gratitude of the ball committee.

The Emergency club fulfilled the promise made last year, and held a sale of work in December, the profits of which, amounting to \$7.50, were devoted to the maternity ward fund. This opportunity is taken of expressing our cordial appreciation of help given to our cause by sister societies, thereby not only increasing our mutual sympathies, but strengthening the bond of fellowship among us. In February, the A. O. U. F. assisted by our active friends on the board of directors, Mr. J. W. Bolden, very kindly repeated a performance given by the children of the order; thereby a sum of \$37.50 was contributed to our working fund, an effort which received our grateful acknowledgment.

"Hospital day was held on Saturday, May 22nd, and we were happy to say in spite of the many extraordinary calls lately made upon the public charity, the results surpassed all our expectations, and we have been enabled to add a sum of \$1,100 (\$100 in advance of last year's collection) to the maternity ward fund.

"We would again renew our thanks to the enthusiastic committee of members and friends who assisted us on this day, and also to Mr. A. F. Griffith, the faithful honorary treasurer of this account.

"It having been found almost impossible to choose a Sunday at this season upon which it was possible for all the churches in the city to co-operate in Hospital Sunday, a request has been made that this Sunday be observed later in the year at some date more convenient to the clergy and congregations, and when the spirit of the day may be universally felt among such as 'keep Sabbath'.

"During the past year a most signal addition has been added to the hospital, the gift of Mrs. J. P. Pemberton, a long-time member of this society, and a most faithful friend. For years the lack of fitting accommodation for divine service, for sacred concerts and for other events arranged for the instruction or pleasure of the patients and staff has been much felt, and this timely addition will be of the utmost importance to the institution as a whole. It is hoped to equip this chapel, when complete, with special memorials, and it is well to remember that such may stand to the mem-

ory of mercies received and of life restored.

"Four delegates from this society attended the annual meeting of the Y. C. W. of Victoria, Vancouver and New Westminster by Mrs. C. R. Rhodes, Mrs. Thornton Fell, Mrs. Harold Robertson and Mrs. Fleming, and greatly enjoyed the interesting programme presented. The resolution asking the co-operation of the council in securing a maternity ward at the hospital was continued on the agenda."

The financial statement for the year showed the following receipts:

Madam President and Ladies:—I have great pleasure in submitting the following account of receipts to date on account of the maternity ward fund:	
Balance on hand, 30th June, 1908, \$2,211.39	
Mrs. R. H. Brown	5.00
First Presbyterian church concert, at George	71.50
Mrs. Bradley Dym	3.00
Metehosin church	8.00
St. Mark's church	4.55
Emmanuel church	1.80
Calvary Baptist church	7.15
Daughters of Pity	100.00
First Presbyterian church	10.15
Emergency Club	87.45
Mrs. C. E. Cooper	1.00
Victoria West Methodist church	5.00
Pandora Methodist church	62.75
Mrs. E. R. Ricketts	25.00
Hospital Saturday, May, 1909	1,100.00
Mrs. Howard Potts	25.00
Mr. Geoffrey Downson	7.00
Interest to May 31st	73.14
<b>Total</b>	<b>\$3,510.25</b>
Respectfully submitted,	

F. GRIFFITHS, Hon. Treasurer.

Besides the foregoing there is in the Bank of Commerce \$1,242.25, directors \$127.94, which, added to Mrs. Griffiths' report, makes a total of \$5,210.00.

Bishop Perrin, who was one of the few gentlemen present, expressed his pleasure at the excellence of the reports, and expressed it as his opinion that such an obvious necessity as a maternity ward in connection with the hospital should be built and maintained by the ratepayers of the city, and the ladies of the Women's Auxiliary should not have been obliged to work for it as they have had to do.

Mrs. Hasell proposed a vote of thanks to the president, Mrs. Rhodes, for the splendid services she had rendered. This was heartily given.

Mrs. Hasell then thanked the different societies for the honor they had done her in offering to send her to the meeting of the National Council of Women in Toronto, and expressed her regret that it was impossible for her to avail herself of that kindness.

Dr. Hasell sent a message to the meeting telling of an X-ray apparatus which had been purchased by the board of directors at a cost of \$500 for use in the hospital, but was still packed in the cellar for want of a suitable room to place it in.

H. Dallas Helmcken, K. C., spoke of the splendid work done by the sisters of St. Joseph's hospital, and alluded also to the finely equipped hospital in Vancouver, Victoria should have one that should be second to none. Victoria had to take in cases from surrounding islands. He was sorry there were not more men present, but invited all the ladies to come to the general meeting on June 29th.

The president and others expressed very strongly the hope that a new hospital might be built of which the maternity ward should be a part instead of being erected as a separate building, where it would cost more in proportion to maintain. The present hospital is in need of renovation and equipment throughout, and \$100,000 would erect a new one up to date in every respect. Of this, the \$17,000 already subscribed to the maternity ward fund, would be a good start, and the rest might be obtained as a loan from the city.

Five new members were added to the executive: Mrs. Love, Mrs. Phipps, Mrs. Trickle, Mrs. Rattenbury, Mrs. Baker. The meeting then adjourned.

The executive elected officers as follows: President—Mrs. C. W. Rhodes (re-elected). 1st vice-president—Mrs. Harold Robertson. 2nd vice-president—Mrs. Dalby. Secretary-treasurer—Mrs. Hasell (re-elected).

#### WORKED 10 YEARS AT ANVIL

S. E. Chamberlain, of Enfield, has the honor of being the Bay State's oldest blacksmith. For seventy years this veteran, now white haired at the age of 84, has stood at the anvil, and during that time he has shod more than 12,000 pairs of oxen and 60,000 horses.

He can set a pace to-day that is strenuous for a man much younger. When he was 50 years old he frequently shod seven pairs of horses each working day, making the nails and shoes himself. He can turn a good shoe even now, and he retains the old hammer he used more than half a century ago. — Northampton Gazette.

#### "HAUNTED COTTAGE."

Candles That "Jump and Stand on the Floor—Queer Ghost Story.

A curious "ghost" story comes from the west, vouched for by many local residents, and firmly believed in by many more.

The scene of the doings of this pranking "spirit" is a cottage in a remote spot near Symonds Yat, seven miles from Monmouth, and not far from the river. Here reside William Vaughan, head gamekeeper to Admiral Pearson, and Mrs. Vaughan.

A few weeks ago the cottage was a quiet enough retreat for a hermit. Now it is the constant resort of scores of curious "spook" hunters, whom the gamekeeper's wife finds nearly as harassing as the weird happenings that have started the neighborhood, says the London Chronicle.

The mysterious demonstrations began when inanimate articles are alleged to have first showed a tendency to move about of their own accord. This is said to have developed to an amazing and very amusing extent.

To a press man who visited the house, Mrs. Vaughan declared that candles had jumped from candlesticks and stood on end on the floor, and that boots and leggings and other articles had vanished out of the house and returned again. Once while she was cooking, she said a pen stood in front of her with a nib stuck in a piece of wood.

On the roof of the cottage are many stones which some people, including

# Prince Rupert Property Is High! Compared With Lots in Oak Bay

## Hold Your Money Till Friday Morning

We have just completed the purchase of a Subdivision of 48 Lots in Oak Bay Municipality, a few minutes from the Oak Bay Hotel.

You know what buying in Oak Bay Municipality means--no improvement tax. If you build a house on one of these lots it costs you nothing for taxes.

These lots are five minutes' walk from the Oak Bay carline and but a step more from the Oak Bay beach. They are entirely free of rock; they are all beautiful building sites. Saratoga Avenue, one of the boundaries of this property, is a new street, 80 feet in width. A sewer is already under it. Water will be on it by October 1st of this year. It is thought that a carline will be on it in a very short time.

No lots can be had anywhere near this property for less than \$500 each, and they have sold as high as \$750.

On Friday morning these 48 lots go on sale at \$350, \$400 and \$425 each. Quarter cash, and the balance in 6, 12 and 18 months.

We are aware of nothing else offering in Victoria at the present moment that in any way approaches these lots in value.

# ISLAND INVESTMENT CO., LTD.

Phone 1494 Bank of Montreal Chambers

Mrs. Vaughan, gravely assert jumped from the ground of their own volition.

Mrs. Vaughan who, as will be noted, is more than a little superstitious, adds that these things happened, because she was bewitched! The family have occupied the cottage for eight years.

During the last few days inexplicable movements of articles of clothing and furniture are said to have been seen by many persons.

So alarmed was the husband at the occurrences that he armed himself with a gun, but found nothing to shoot at. And so for the present the situation remains.

#### FIGHT FOR THE POLES

Since Nares led his expedition a generation ago something further than 50 deg.

north latitude, British explorers appear to have quietly left the quest of the North Pole to those of other nationalities, says an exchange. Americans principally, though it was stated on the authority of Dr. Grenfell, C. M. G., that when Commander Peary made his 1905 record—with 20 miles of the Pole—he had with him a British skipper and crew from Newfoundland. In the Antarctic, however, most of what has been accomplished since

Cook, in 1773, found the ice pack at 67 deg. 5 min. has been done by Britishers. In the forties of last century Ross reached 78 deg. 11 min.; and though Norwegian, Swedish and Belgian expeditions followed, no advance was made until the persistent efforts during the last decade of Borchgrevink, in command of a joint British-Norwegian party, Bruce, Scott, and Shackleton, who has now taken the Union Jack within almost 1 deg. of the South Pole.

**MUSICAL KINDERGARTEN**  
(BURROWS' COURSE OF MUSIC STUDY).  
Intensely interesting. None of the tediousness of solitary practice. Classes from 4 to 8 pupils. Special arrangements for classes in outlying city points. My private classes in violin and piano will continue as usual. At some daily between 12 and 2.  
MRS. E. S. FOOT,  
28 MENZIES ST., VICTORIA, B. C.

#### THE GORGE

**FERRY BOAT HOUSE**  
OPPOSITE JAPANESE TEA GARDENS.  
Ladies and gentlemen desirous of going boating without sand in their shoes are recommended to try the Ferry Boat House now located at the Victoria Gorge. Only three minutes' walk from cars. Boats and canoes at all hours.

**Are doctors good for anything?**  
Foolish question! Yet some people act as if a medicine could take the place of a doctor! The best medicine in the world cannot do this. Have a family doctor, consult him frequently. If we did not believe doctors endorsed Ayer's Cherry Pectoral for coughs and colds, we would not offer it to you.

CONTAINS NO ANIMAL OIL OR FAT  
NO RUBBER ANY MINERAL  
PURELY VEGETABLE

**Zam-Buk**  
RUB IT IN

For SUMMER SORES

When troubled with sunburn, blisters, insect stings, sore feet, or heat rashes, apply Zam-Buk!

Surprising how quickly it eases the smarting and stinging! Cures sores on young babies due to chafing.

Zam-Buk is made from pure herbal essences. No animal fats—no mineral poisons. Finest healer!

Druggists and Store everywhere.

# A COMPREHENSIVE SERVICE

## All the News of Canada, of the Coast, of the World.

Intelligence Dragnet Gathers All the Important Happenings for this Paper.  
The Different Sources From Which The Times Obtains Its Splendid  
News Service Are as Follows :

### EUROPEAN SERVICE

**T**HE EUROPEAN MANAGER of the United Press is Mr. Chas. Stewart, one of the best known of news gatherers in the world. While he is located at London, he keeps an alert eye on all European points, and he has that swift intuition, that "nose for news," which means "scoops."

Early in the spring the president of the United Press received the following dispatch from Stewart: "Gone to Constantinople." No Explanation was given, but subsequent events showed that Stewart had anticipated the cataclysm there, had hurried to the scene, organized his news syndicate, with reporters all through the affected districts, and had installed an experienced Turkish newspaper man as staff correspondent. Stewart was back in London before the crash came, but so perfect was his organization and so accurately had he anticipated the movement of events there that the United Press hopelessly distanced all competitors, and gave its papers the news of the deposition of the Sultan, Abdul Hamid, and the name of his successor while papers served by more ancient systems were telling of the retention of Abdul as a constitutional sovereign.

This is but a sample of the prompt and efficient way in which the news of the Old World is handled

### CANADIAN EVENTS

*Dominion News, Covered by  
Special Correspondents  
of "The Times"*

**C**ANADA IS RAPIDLY coming into its own, not only as to natural wealth and growth but as a source of important happenings. To specially provide for this the Times has its own representatives in Ottawa and Winnipeg, who compile for this paper the news of the east and the Canadian middle west, respectively. Many events in these districts which in a general way are of minor importance are of special interest to residents of Victoria because of the number of easterners and plains people who have settled on Vancouver Island. This service is being steadily expanded and assures Times readers of the news, not only of the world at large, but the particular news of their own land.

In this way it rounds out the splendid service which the Times is giving its readers.

### COAST AND AMERICAN NEWS

**T**HE LEASED WIRE which runs into the Times office has its northern extremity in Vancouver, and its southern terminus in San Diego. It runs northward from the latter point through the cities of San Francisco, Portland, Tacoma, Seattle and Bellingham. By this means, and owing to the fact that every paper taking the United Press service is a co-operative member of the organization and furnishes to the association the news of its own district, an almost instant report on all important news on the coast is obtained without having to filter out by the circuitous and slow methods which prevail unless up-to-date is used.

Eastward from San Francisco and Portland the other leased wires of the United Press connect the coast line with all the important eastern and middle west centres and by cable with the European office in London. A perfect news dragnet is spread in which not only ALL the news is obtained, but its delivery while it is still NEWS is assured.

## A GREAT COAST TELEGRAPH SERVICE

**FROM CALIFORNIA  
TO ALASKA**

People like to hear, first, about themselves, and then about their sisters, their cousins and their aunts. This is the basic principle of news. A big gooseberry in your neighbor's garden is of more importance as a news item than a new volcano in Japan.

—Sir Edwin Arnold.

**FROM CALIFORNIA  
TO ALASKA**

If Sir Edwin Arnold was right, the news of the Coast, from California to Alaska, is of more vital interest to the people of Vancouver Island than important happenings in Georgia or in New Jersey.

The Times' leased wire, next to its efficiency and promptness in handling world events, is principally noteworthy for its ample Coast service. In this it has no peer. Thousands of words daily are delivered to this paper relating to Coast happenings.

Coast residents, therefore, can get the news of the Coast satisfactorily only by reading The Times.

This full and up-to-date compendium of news appears every night in The Times. It costs the reader no more than a paper with a weak service.

COUNCIL TIED;  
ACTION DELAYED

(Continued from page 1.)

the operation), and a boat approaching at such a time has to drift about the harbor sometimes for an hour in an almost unmanageable condition. If any wind is blowing, to the extreme danger of property and giving the port a shilling reputation. This is causing a serious check to the expansion of trade and depreciates the value of all properties abutting on the upper harbor.

(10) As business increases, over the railway and on the water, these evils will become still more acute and will be prejudicial to the best interests of the city of Victoria. This association would submit, therefore, that existing impediments should be abated before the possibility of fresh impediments are considered.

I have the honor to be, Sir

Your obedient servant,

THOS. C. SORBY.

Secretary to the Harbor Association.

Map returned.

Ald. Fullerton moved, seconded by Ald. Raymond, that this letter and the former one from the board of trade be taken up at a special meeting of the council.

Ald. McKeown and Turner did not see any reason for delay. They thought all that was necessary was to endorse the change as to location advocated by the Inner Harbor Association.

Ald. Stewart moved in amendment that the report be received and adopted. In the matter of the bridge he believed some form of engine or motor should be put in to turn it faster. The railway company should conform to the regulations of the railway commission, which were in force, everywhere else.

Ald. Bishop said the council should not stop at approving the report but should try to get the Indians off the reserve. The way of Tacoma with the Chinese a few years ago was not a bad one, give them so many hours to get out.

Ald. Raymond insisted that the council must be very careful in allowing any one railway to get in on the reserve, that it was not shutting other railways out from access to the harbor front. The example of Vancouver should be a lesson to Victoria. The whole subject was worthy of careful consideration by the council at a special meeting.

Ald. Fullerton agreed with this, although he had no objection whatever to the C. P. R. getting the facilities it desired so long as the rights of the public were safeguarded.

"We have been waiting forty years for a railway to come in here and make use of our harbor facilities," said Ald. Turner. "I don't want to wait longer. I have fought the C. P. R. as hard as anyone in British Columbia but when we get a chance like this I believe in taking it."

Ald. Mable supported the proposition for a special meeting and Ald. Henderson expressed the same view.

The vote on the amendment was: Aye—Turner, Bishop, Ross, Stewart, McKeown, Nay—Raymond, Humber, Mable, Fullerton, Henderson. There being a tie the amendment was declared lost. On the main motion the vote was the same, reversed, except that Aldermen Stewart and Humber did not vote. This was still a tie, four to four. Ald. Stewart said he would vote for the special meeting to break the tie, but Ald. Humber switched too and so the deadlock still continued. This meant that the motion was negatived, and the acting mayor remarked that the matter would have to be brought up some other way.

—A meeting of the Epworth League of the Methodist church was held last evening in the league room of the church. An address on "The Forward Movement, For Missions, Its History and Work," was given by Miss Copeland, who traced it from the beginning to the present and stated that the work is going on with such vigor that has never been equalled at any time in the past.

DEVELOPMENT OF  
DISTRICTS DISCUSSEDErnest McGaffey Addresses  
Meetings at Courtenay  
and Cumberland.

(Special Correspondence.)

Comox, May 29.—The Comox Development League met at Courtenay Thursday night to hear Ernest McGaffey, who arrived by steamer City of Nanaimo. Mr. McGaffey explained the methods adopted in the Victoria publicity campaign.

The league is circulating a petition for the signatures of local voters for improvement in the local service. The petition points out the uselessness of the present overland service, and the inconsistent schedule now adopted by the C. P. R. boat.

W. Robb spoke strongly in favor of Comox timber being cut in the district, and suggested that a bill be passed to get timber companies whose interests lie here to erect mills.

Last evening the Cumberland Development League welcomed Mr. McGaffey, who gave an able and interesting speech. Speaking on the C. P. R. extension, Mr. McGaffey was in favor of the railway being pushed on at any price. Mr. Harrison brought up a resolution he had formulated to be put before the secretary, advising the immediate settlement of the question of settlers' rights. J. B. Holmes, of Comox, said that while Victoria wanted Cumberland influence the residents expected Victoria's influence to help them out, especially in regard to the railway and better communication generally.

Lieut. Bald, of H. M. S. Albatross, arrived on Wednesday and left the same day with R. M. Stewart to fish in Oyster river. He stated that the Albatross will not be here before June 15th, when the work of restoring the targets will be taken in hand. The ship will proceed north, taking the place of H. M. S. Shearwater.

ENTERTAINMENT AT  
CEDAR HILL FRIDAYWill Be Given in Temperance  
Hall Under Auspices of  
Dramatic Club.

(Special Correspondence.)

Gordon Head, May 31.—The social dance held in the Temperance hall on the 27th inst., proved a big success. Miss Mabel Irvine provided excellent music and the floor was in good condition. Refreshments were served by the ladies about midnight and every one present spent an enjoyable evening.

A concert will be held in the Cedar Hill Temperance hall under the auspices of the Dramatic Club, on Friday. A good programme has been arranged and a large crowd is expected.

A business meeting was held by the Oak Sea Tennis Club on Saturday afternoon when several matters were discussed and more members admitted into the club.

Three stained windows have been put in on the south side of St. Luke's church, Cedar Hill, and eight single lamps have recently been given to the church by the Ladies' Auxiliary.

W. F. Tension left for Los Angeles on the 28th inst., on receiving the said news that his little son, Clarence, was dying and Mrs. Tension very ill in a hospital there.

S. D. McMartin, who sustained serious injuries in a runaway accident some weeks ago, is now able to resume his duties.

Mr. and Mrs. Moore, of New Alberni, are visiting Mrs. Moore's parents at Mt. Tolmie.

Rev. F. Stone, of the San Francisco Seamen's mission, is visiting his friend Revs. A. J. Collison, of St. Luke's church, Cedar Hill.

The funeral of the late Charles Melbourne Black took place yesterday afternoon at 4 o'clock from the Hanna parlors, where the Rev. J. H. S. Sweet conducted an impressive service. There was a large number of the friends of deceased present and a number of friends came over from Vancouver. There was a profusion of beautiful floral offerings presented by sorrowing friends. The following acted as pallbearers: H. Rhodes, Captain A. E. Dickson, H. C. Janion and Dr. E. C. Hart.

—There will be distributed at the Alaska-Yukon-Pacific exposition which opened at noon to-day at Seattle, 30,000 books and leaflets and 25,000 cards illustrating the resources and advantages of Vancouver Island by the Vancouver Island Development League. A space for the distributing of these articles has been secured in the A.-Y.-P. exhibit. Secretary McGaffey has notified all the development leagues on the island to send on literature and it will be distributed on the ground free of charge.

## GET A HAMMOCK

Enjoy Summer as you should—in Comfort

CUT NO. 517.

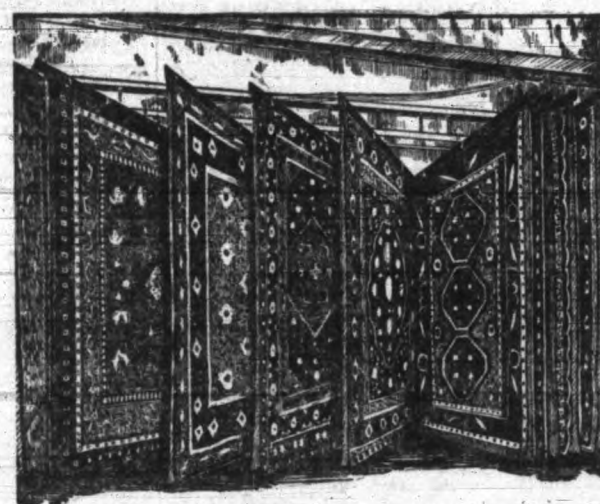

JUNE to-day, and hammock time. Come in and get one of our hammocks and enjoy yourself on verandah or under some favorite tree. There is more summer comfort to be had from a good hammock than many imagine.

Our hammocks are priced so fair as to permit of every home enjoying their use and they are made to last several seasons. Such brands as the famous Palmer-Araucaria are carried. There isn't anything better than the sorts we show.

Of course we offer you much in Summer Cottage needs—furniture, bedding and floor coverings suitable for this service are here in great plenty. It is a pleasure to show prospective campers the many good things for their summer home. Both goods and value will interest you.

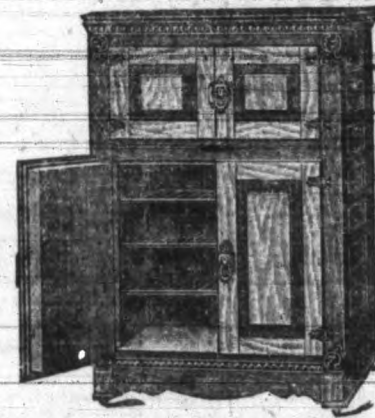

See the Hammock offerings, from, each \$1.25

## 400 Rugs on Display To-day

THE NEW RUG RACK shows 400 handsome rugs to-day and every one may be viewed in a few moments. No trouble for salesmen to show you this extensive range and but little of your time will be consumed in the showing.

This is the grandest showing of rugs in the West and we believe the method of display is the most modern. Of the quality and the values offered we are positive—positive that nothing better is offered anywhere. Spend a few minutes in this department to-day.

Superior Refrigerators,  
Priced From, Each, \$12

TIME now to think seriously of purchasing a refrigerator. Better in many ways to get it now than later in the summer season. You'll have a better selection from which to choose and you'll get more service.

We do not believe you can better our prices on refrigerators and we are certain it isn't possible to better the refrigerators. Don't buy a refrigerator because it looks good. Satisfy yourself that it is good, that the walls are built right, and it is economical in the use of ice.

We are sole agents for the famous McCray refrigerators and for other reliable makes and show a very complete range of style and prices. Come in and let us show you the offerings, from, each—

\$12 to \$100

Lightning  
Freezer

Makes smoothest ice cream, easily and quickly, because of the famous Lightning Wheel-dasher and Automatic Twin Scrapers. Saves ice and salt, too. Lasts longer because of electrically welded, round, steel hoops—can't fall off; and can with steel bottom—can't leak or fall out.

We show a big range  
from \$2.75 to \$20.

## Camp Needs

"GOLD MEDAL" Camp Furniture is the ideal furniture for the summer camp. This furniture style is unique in that it is unusually strong (guaranteed weights on different pieces) and folds unusually compactly, making it an ideal furniture for the camper who has to "pack." Come in and let us show you the many pieces we offer in this furniture, such as stools, reclining chairs, camp beds, tables, wash stands, baths, etc. You'll be surprised at the easy prices.
